Anderson County New Driveway Process

COUNTY INSTALLED DRIVEWAY PROCESS

1. Contact Anderson County Development Standards Department to request driveway installation.
864-260-4719
Cost is \$1,500
2. Request is entered once fees are paid.
3. Driveway location is marked by the requester: paint, flags, stakes or ribbon.
4. Roads and Bridges staff will install the driveway.
5. Once construction is completed the asphalt apron will be installed, requester will have to notify the Roads and Bridges Department when they are finished and ready for asphalt.
6. Commercial driveways require proof of business at the location of the driveway request.

CONTRACTOR INSTALLED DRIVEWAY PROCESS

1. If driveway is to be installed by contractor an encroachment permit is required at a cost of \$25
2. Encroachment application and fee are submitted to the Anderson County Development Standard Department. 864-260-4719
3. Roads and Bridges Department is notified of permit application.
4. Applications are reviewed and returned to permittee with any comments or special requirements.
5. Once driveway is completed a final inspection is required.
6. Permittee is responsible for requesting final inspection.
7. After approval from Roads and Bridges, the encroachment permit is closed and approval is given to the Building and Codes Department.
