SEPTIC TANK APPLICATION INSTRUCTION SHEET

In accordance with the S.C. Department of Health and Environmental Control Regulation 61-56, Individual Waste Disposal Systems Regulations and Standards, "Before a site evaluation of the lot is performed by the Health Authority, the property owner or his agent may be required to clear site lines and post an identification marker in the front center of the lot, and may be required to place stakes at the corners of the proposed building, at the proposed point of stub out, and at the proposed or existing well location."

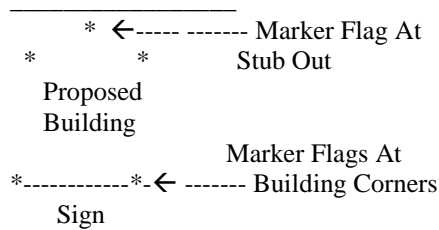

To assist you in complying with the above requirement, we are providing you with: a "Site Location" sign to place in the front center of your lot; four flag markers to mark the location of your building, house or trailer; and one flag marker to mark the location of the sewer stub out.

WE ASK YOU TO DO THE FOLLOWING:

1. Place the "Site Location" sign near the center of your property so that it can be easily seen from the road, or at the driveway.
2. Place a flag marker at each corner of your building, house, or trailer.
3. Place one flag marker (marked stub out) at the proposed location of the stubout for your sewer lines.
4. Mark property lines and property corners so that they can be readily and easily identified.
5. If you are proposing to serve more than one building, house or trailer fro the same private well contact; Environmental Quality Control (260-5569) for additional information. They will assist you and ensure that your water supply is in compliance with the Safe Drinking Water Act.
6. **WHEN ALL THE ABOVE ITEMS ARE COMPLETED**, notify the Anderson County Health Department at 260-5585, Monday - Friday, 8:30 - 5:00. Your lot will be evaluated as soon as workload allows.
7. A copy of the plat and tax map number is required to complete application.
