**ANDERSON COUNTY, SOUTH CAROLINA**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

**YEAR ENDED JUNE 30, 2016**

---

**A. BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the activity of all federal award programs of Anderson County, South Carolina (the "County") for the year ended June 30, 2016. Expenditures for federal financial assistance awarded directly from federal agencies, as well as those passed through other government agencies, are included on the Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance").

**B. BASIS OF ACCOUNTING**

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in the notes to the County's financial statements.

**C. RELATIONSHIP TO THE FINANCIAL STATEMENTS**

Federal award expenditures are reported in the County's financial statements generally as expenditures in the County's General Fund, special revenue funds, and enterprise funds.

**D. MATCHING COSTS**

Matching costs (i.e., the non-federal share of certain program costs) are not included in the accompanying Schedule.

**E. INDIRECT COST RATE**

The County has elected not to use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

**F. OUTSTANDING LOAN BALANCES**

The County's South Carolina Water Pollution Control Revolving Fund Loans were received in previous fiscal years and have no significant continuing compliance requirements. The County did not make or receive any new loans during the current fiscal year and thus no amounts are shown as federal assistance expended in the accompany Schedule as required by the Uniform Guidance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
 COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
 STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**INDEPENDENT AUDITOR'S REPORT**

The Members of County Council  
 Anderson County  
 Anderson, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Anderson County, South Carolina (the "County") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 22, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2016-001 that we consider to be a material weakness.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **County's Response to the Finding**

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

### **Purpose of this Report**

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 22, 2016

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

**INDEPENDENT AUDITOR'S REPORT**

The Members of County Council  
Anderson County  
Anderson, South Carolina

**Report on Compliance for Each Major Federal Program**

We have audited Anderson County, South Carolina's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2016. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

## **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the County as of and for the year ended June 30, 2016, and have issued our report thereon dated December 22, 2016, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

ANDERSON COUNTY, SOUTH CAROLINA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2016

---

Section II – Current Year Financial Statement Findings

**2016-001: SC DEPARTMENT OF TRANSPORTATION CONSTRUCTION GRANT CLAIMS PROCESS / GRANT RECEIVABLE**

**Condition:** The County incurred approximately \$4.8 million in property development costs over the thirteen months ended June 30, 2016. Under a grant from the State of South Carolina, the County was to be reimbursed for these costs. However, the County did not file reimbursement requests under the grant until December 2016. Through the date of the grant request, the County had incurred approximately \$5.4 million in reimbursable costs. Additionally, the County did not record a receivable for these costs as they were incurred, but instead recorded the receivable when the grant request was filed in December 2016. From a cash flow perspective, the County should file regular reimbursement claims once significant unreimbursed costs have accumulated. From an accounting standpoint, as reimbursable costs under the grant are incurred, a grant receivable should be recorded.

**Criteria:** The County should have appropriate internal controls in place to ensure that reimbursement claims under grants are timely filed and that all receivables for reimbursable costs are recorded in a timely manner.

**Context, Cause and Effect:** The Economic Development department failed to file a claim for reimbursement under the grant until December 2016 when this matter was discussed as a result of the financial statement audit. The Finance department did not properly identify and had not initially recorded the receivable transaction because it was waiting for the reimbursement claim to be filed before recording a receivable. When this matter was brought to the County’s attention, the Finance department corrected the financial statements for the year ended June 30, 2016 by recording the applicable grant revenue and related receivable.

**Recommendation:** We recommend that the County develop and implement appropriate internal controls to ensure that once the County has accumulated significant reimbursable costs, that a claim for reimbursement is filed in a timely manner. We also recommend that the County record a grant receivable as reimbursable costs are incurred.

**Response:** We understand completely and have taken steps to remedy this situation. In the future, management will ensure that timely grant reimbursements are filed and the appropriate amount of revenue is accrued as it is available and measurable.

---

Section III – Current Year Federal Award Findings and Questioned Costs

No matters to report.

**ANDERSON COUNTY, SOUTH CAROLINA**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**

**YEAR ENDED JUNE 30, 2016**

---

There were no audit findings in the prior year.
