ANDERSON COUNTY, SC
ATLAS MAP BOOK

A-Chis

MAST3R ROAD INDEX

Index Notes:
1) Roads are listed Alphabetically with Community (Zip Code) i.e. road name zip code : map index#
2) Full Road Name is used to index. Directional Streets will be listed accordingly

e.g. East Pine St. can be found under the letter "E" instead of "F"

How to Use the Index:
The Road Index (below) lists every road in the county according to the Anderson County Department of GIS & E911 Addressing’s current database (June 2017). The Master Grid Maps that follow this index are in order from 01 to 47. The number listed beside the road shows the map(s) on which the road can be found.

Each of the 47 individual maps has its own index, minor. The minor index for each map is located to the left of the actual map, on the back of the previous map. The minor index lists each road on a map and the grid reference for finding that road. Please note that the minor index may have a smaller percentage of roads listed, and the grid reference for finding a road may not be the most direct. There may also be a small percentage of roads not included in the road index, and the grid reference for finding those roads on the map is not shown.

Using this index, a roads' location, whether labeled or not, can be found on the map within 1/8 mile.
Major Grid Maps

Other Map Legend Symbols

- Boat Ramp
- City Hall
- University
- Convenience/Recycling Centers
- Cultural Feature
- DMV
- EMS Station
- Farmers Market
- Golf Course
