

SPECIAL ANNOUNCEMENT

S.160 Update: SCDOR's state tax lien registry

Related to [S.160](#), the SCDOR will implement a statewide tax lien registry for filing and indexing state tax liens on **November 1**. Upon implementation, the clerks of courts and registers of deeds are relieved of any statutory obligations for filing and maintaining old or new state tax liens. After November 1, counties will no longer receive state tax liens, satisfactions, or expungements from the SCDOR.

Instructions on how to access the SCDOR's tax lien registry must be posted in each county where liens are generally filed. You will receive more information on how to access the registry in October.

Please direct any taxpayer questions to ComplyToday@dor.sc.gov.
