ANDERSON COUNTY COUNCIL
COUNTY COUNCIL MEETING
MARCH 3, 2020

IN ATTENDANCE:
TOMMY DUNN, CHAIRMAN
GRACIE FLOYD
RAY GRAHAM
BRETT SANDERS
JIMMY DAVIS
M. CINDY WILSON

ALSO PRESENT:
RUSTY BURNS
LEON HARMON
LACEY CROEGAERT
TOMMY DUNN: At this time I'd like to call the Anderson County Council meeting, regular meeting of March 3rd to order. I'd like to welcome each and every one of you here. Thank y'all for coming tonight to participate in your county government. At this time I'd like to call on Councilman Jimmy Davis to lead us in the invocation and pledge of allegiance. If we'd all rise, please.

INVOCATION AND PLEDGE OF ALLEGIANCE BY JIMMY DAVIS

TOMMY DUNN: At this time let the record show that Councilman Wooten is not here tonight. He's out of town. Also, we've got I think a boy scout troop here trying to make I think his last badge to get to Eagle Scout, if I'm not mistaken, Citizenship and Community. Want to welcome him here.

TOMMY DUNN: At this time any corrections or changes to be made to the regular meeting of February 18th, 2020?

CINDY WILSON: Mr. Chairman, may I?

There were just three grammatical corrections for page 35, line 20: that evil creature Dylann Roof, Dylann is spelled D-Y-L-A-N, and that's line 20. Line 27 there are still, instead of there's still various issues. And 35, terrible pipe bursts, plural, for the fuel spill in Belton. If I may put that in the form of a motion to correct that.

TOMMY DUNN: Motion Ms. Wilson. Do we have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second Mr. Davis. Are there any other changes or corrections? Hearing none, all in favor of Ms. Wilson's motion show of hands. All opposed like sign. Show the motion carries unanimously.

At this time we’ll move on to citizens comments. When Mr. Harmon calls your name, please, for the record, state your name again and the district you live in, for the record. Address the chair. And you have three minutes. And the first go-around is on agenda items only.

LEON HARMON: Mr. Chairman, first speaker is Christine Shirley.

CHRISTINE SHIRLEY: My name is Christine Shirley and I am a resident of District 5; your district, Mr. Tommy Dunn. If you recognize the name Shirley it is because our family has a long history here in Anderson. We are the owners of Shirley Family Farm, a South Carolina Century Farm, dating back to
1906. My husband's cousin Richard served as Mayor of Anderson for many years. I am a wife, a mother, a farmer, a small business owner, the daughter of immigrants and generations of American service men and women, as well as a former soldier in the Army Reserves. I have two college degrees. I am a history buff. I am a home schooling parent. Believe me when I say that I am well-versed in American History and the Constitution of the United States. One of the freedoms declared by our forefathers was the right to own and bear arms. I should not have to explain to you as elected officials and servants of the people that the oath you swore was to uphold the Constitution as the supreme law of the land, superceding all others.

Since 1938 and especially in recent years, the Second Amendment has been under attack stripping some Americans of their rights and narrowing the scope of the law contrary to the wording of shall not be infringed. We have had to listen to presidential candidates declare on television, Hell, yes, we are coming for your guns. We have had a movement suggest that red flag laws that would violate the Constitution multiple times over resulting in the illegal search, seizure and confiscation of firearms based on anonymous and probably unfounded claims.

Law enforcement already waste enough time and resources investigating false reports. Who here has never had an argument with a neighbor? Who here has never been the victim of vicious gossip? If you haven't, then you're the lucky minority. Should your rights be violated based on the bitter words of a disgruntled person? Sanctuary means a place of refuge or safety. Anderson County is my home. It should be my sanctuary. Not for the actions of guns and in the hands of criminals as some would erroneously interpret this movement, but for every citizen's right in this county.

We demand the ordinance declaring Anderson a Second Amendment sanctuary as submitted weeks ago for presentation. Not a weak, meaningless resolution, and we will accept nothing less. I am disgusted and ashamed that you would refuse to fight tyranny beside the people that you have sworn to serve.

I would remind you that we are entering an election cycle and we are thousands deep of your constituents demanding this ordinance. We have thousands of petitions and signatures and followers, and our movement grows every day that you waste our time. It has been carefully prepared and reviewed by
attorneys of the gun owners of America and SC Carry. Similar ordinances have been put into effect across this country by true patriots who value freedom over their precious political seats. None of your positions are secure. And if you pass this ordinance that safeguards our Second Amendment rights, I will personally light the torches, politically speaking, to lead the charge to end your time ---

LEON HARMON: Time, Mr. Chairman.
CHRISTINE SHIRLEY: --- on the council.
You, Tommy Dunn, told us that you supported ---

TOMMY DUNN: Time.
CHRISTINE SHIRLEY: --- our efforts.

Clearly a term resolution which we unfortunately overlooked in our ---

TOMMY DUNN: Ma’am, ---
CHRISTINE SHIRLEY: You put it on the agenda like it was your idea. And then passed our ordinance off to the county attorney.

APPLAUSE

TOMMY DUNN: Let me be perfectly clear, this is a county council meeting. We’re trying to do the people’s business for Anderson County. You’ve got a right to speak. You’re not going to interrupt and disrupt the meeting. If you do, you’ll be asked to leave.

I said, this is a county council meeting. This isn’t a town hall meeting. We’ve got business to do. We’re not going to put up with disruption of the meeting. It’s not going to happen. Now, everybody has got a right to speak and we’re going to listen to it. Each and every one of you. There’s a way to do things and be civil to one another. If you can’t do that, we’re going to ask you to leave.

Next, Mr. Harmon.

LEON HARMON: Mr. Chairman, next speaker is Lori Monroe.

LORI MONROE: My name is Lori Monroe. I live at 21 Sweet Willow Pond in Anderson, zip code 29624, District 5.

I was born and raised in California. And thirty-seven years ago when my husband and I were first married, we could walk into any gun store and buy a firearm; no questions asked. Today it’s nearly impossible. And you know how it started? It started with elected officials voting not to protect our constitutional rights. It went from there to voting to rob us of our constitutional rights. We all know what California has become. We literally watched as
we were voted criminals for being law-abiding gun
owners.

You are proposing now that we don’t get an
ordinance, we get a weak and watered-down resolution
and we are not okay with that. I can’t help but
wonder if y’all just think we’re a little too stupid
to understand the difference between an ordinance and
a resolution.

I, for one, know exactly what y’all are trying to
do; table it until after the elections, save your
seats, establish yourselves as politically correct and
hope we go away. Well, I’ve already lived through
this. And you know, prior to Donald Trump on a
national level who beat the swamp, and our own Sheriff
who won against an incumbent good ole boy, we might
have been content to sit back and think, you know,
things can’t change, why bother. But now we know we
can make a difference and we can see change.

Right now, in one months’ time, by simple word of
mouth, we have over five thousand people in a grass
roots Facebook group and we’re growing daily. We’ve
got thousands of signatures supporting the ordinance
to make Anderson County a Second Amendment sanctuary
county.

Well, what if those five thousand just went out
and got ten people. I know my husband and I easily
got twenty people to come tonight. And what if those
fifty thousand go out and get just five, now we’re
approaching the entire Anderson County population.
And I know that’s not realistic, so cut it in half.
Do the math.

What if we find viable candidates to run;
candidates that will protect our rights. What if we
become as passionate about those candidates as we do
about the President and about our sheriff. And what
if we each take our skills -- mine happens to be
marketing and website design -- and we throw our
hearts and souls into campaigning for candidates who
will protect our rights. You know, even liberal
politicians on a national level can’t go up against
the Second Amendment successfully. It just doesn’t
work.

So in closing I ask you to consider, do you want
to take those five thousand people who are in a group
and have signed a piece of paper and mobilize them and
unite them with a single cause to replace you? How
easy do you think it will be for us to recruit when
our slogan is Save Anderson ---

LEON HARMON: Time, Mr. Chairman.

LORI MONROE: --- From Becoming
ANDERSON COUNTY COUNCIL - COUNTY COUNCIL MEETING - MARCH 3, 2020

1. California.

2. TOMMY DUNN: Ma'am, it's time.

3. APPLAUSE

4. TOMMY DUNN: Mr. Harmon.

5. LEON HARMON: Next speaker is Randy Jones.

6. RANDY JONES: My name is Randy Jones. I'm from Cindy's district, District 7.

7. I intended to be here tonight to speak about my support for the Second Amendment Sanctuary Ordinance. But the ordinance that I expected to be on the agenda was replaced with a 2a resolution. I would like to request that the council table or withdraw this resolution and take appropriate steps to get the ordinance that was submitted to the council on February 12th back on the agenda to be read and voted on by the council.

8. The citizens of Anderson County deserve to have this brought forward for the appropriate readings, discussion and vote by the council so they will know this is truly supported by our county government. Should it not be approved by one or more council members, we deserve to know who that is so we can make our decision in the upcoming election cycle if we want to continue to be represented by those members.

9. Please understand this is not just a few gun-toting fanatics making this request. We have thousands of Anderson County residents that support this and we truly believe in this great country, great Constitution and Bill of Rights that the founders so brilliantly put together on paper over two hundred years ago. This is the very foundation of the greatest country that's ever existed on this planet.

10. We fully support whatever it takes to truly make Anderson County a safe place for us by standing up to those that may try to destroy and take away our right to bear arms for due process, free speech and for protection against unlawful seizure of property.

11. I hope that you will act on this recommendation and reconsider your actions on this resolution tonight and establish the quick-as-possible path to getting the ordinance brought to the council. Thank you.

12. APPLAUSE

13. TOMMY DUNN: Mr. Harmon.

14. LEON HARMON: Next speaker is Sherry McAbee.

15. SHERRY MCAABEE: My name is Sherry McAbee. I live at 1421 Old Trail Drive. I have nine crack houses in my neighborhood. How many of you, with a show of hands, have guns in your
home? How many of you have carry permits in your home? How many of you have the right to carry and protect your family? Thank you.

Okay. Now, what gives y'all the right to say how we can protect our town? Do you own guns? Do you? Do you protect your home? How many? Show of hands. Okay. I don’t want a resolution. I want an ordinance where I can protect what is mine.

TOMMY DUNN: I’ve asked y’all to keep it down.

SHERRY MCABEE: I want to protect what is mine. How many officers are in here tonight protecting you because you’re afraid some fanatic is going to come in here and shoot one of you? Right? What makes you any different from us? None. Because we all bleed red.

You know, I’m not going to threaten you with re-election because that’s not a hill of beans to y’all. But I will say this, I will protect mine. Thank you.

APPLAUSE

LEON HARMON: Mr. Chairman, next speaker is Avery McAbee.

AVERY McABEE: My name is Avery McAbee. I live at 1421 Old Trail Road.

Like she said, there’s nine crack houses in my neighborhood. When you call a police officer, it may be thirty minutes before they get there because they’re spread out so far and they have so many other calls that it takes time to cover. I have guns in my house. I will keep guns in my house. And if you want my gun, forget it. I’m not giving it up. I stand on the Second Amendment right that gives me the right to carry my gun, to own my gun without any infringement. And you need to pass an ordinance that we are the people of Anderson County and we have the right to protect our homes and our families. Thank you.

APPLAUSE

LEON HARMON: Next speaker is Daniel McKee.

DANIEL MCKEE: I’m Daniel McKee. I’m a District 3 citizen.

I’m here tonight to speak on the Second Amendment ordinance that we proposed the last meeting. The Second Amendment says, a well regulated militia being necessary for the security of a free state, the right of the people to keep and bear arms shall not be infringed.

Furthermore, the Fourth Amendment says, the right of the people to secure in their person, houses, papers and effects against unreasonable search and
seizure shall not be violated. And no warrants shall
issue upon probable cause supported by the oath or
affirmation. And particularly describing the place to
be searched, the person or things to be seized.
Currently there’s a House bill 3275 that’s proposing a
red flag law in Columbia. This violates both our
Second and our Fourth Amendment rights.

First of all, the Fourth Amendment right, we have
to have protection of our own houses. This red flag
law allows them to be charged in under accusations
from others without any kind of backbone behind it.
Currently there’s a House bill or has been in the
past, 4087, that proposed that gun ownership could be
banned for minor offenses. House bill 4699 was a
proposal to have electronic chips on all firearms
requiring that they be tracked. These are some of the
bills that are being instituted within our state
against our Second Amendment rights, which furthermore
goes against -- or goes for why we are pushing to have
this ordinance within our county.

I bet our forefathers would not expect that free
citizens of this nation would have to be coming
forward in efforts to protect and defend a right that
was declared during the foundation of this great
nation, especially when it included the words, shall
not be infringed.

However, here we are. I believe the Constitution
speaks for itself and shouldn’t have to be defended.
However, we’re seeing more and more of these rights
that are constantly being come against. Turn on the
news every day. Tell me what kind of place we’re
living in right now. Evil is rampant all around us in
this world. We’re constantly seeing and hearing
reports of home invasions, abductions, robberies,
etcetera. Without protecting our Second Amendment
freedom and the ability to protect ourselves, we
become one thing, and that’s a victim.

I, for one, will not succumb to becoming a victim.
None of the supporters here tonight want to become a
victim. As far as that goes, even non-supporters of
the Second Amendment do not want to become a victim.
So that’s why we as citizens of this county think it’s
time that we need to take action to protect from any
of these proposed gun laws for doing anything other
than trying to strip our God-given right away.

It’s time the action be made and an ordinance, not
a resolution, to be passed to make Anderson County a
Second Amendment sanctuary county where our rights
will not be infringed upon. Let us set the way for
the rest of the state in showing that we will not
allow our rights to be infringed upon.
As we walked in tonight, each one of us was
searched to make sure we came in safety with no kind
of firearms or no kind of weapons.
LEON HARMON: Time, Mr. Chairman.
TOMMY DUNN: Time.
DANIEL MCKEE: Thank you.
TOMMY DUNN: Next, Mr. Harmon.

APPLAUSE

LEON HARMON: Next speaker is Brian
Allen.
BRIAN ALLEN: I'm Brian Allen,
District 3.
During the last meeting, after many of us that
support Anderson becoming a Second Amendment sanctuary
city left, an anti-gun activist was allowed to speak.
Let's all stay until the end of this meeting if
possible.
Somebody over here a while ago, one of these
gentlemen ---
TOMMY DUNN: Address the Chair,
please.
BRIAN ALLEN: One of these gentlemen
said, what's the problem? We have gun rights.
They're slowly getting nipped away. That's what the
problem is. You want to see what the problem is, look
at Virginia, look at California. The anti-gun
activist spoke about the Townville shooting. Well,
many of us were affected by that event, including me
and Brett Sanders. We had a friend that died that
day; Jeffrey (verbatim) Osborne. However, what wasn't
mentioned was that over four hundred thousand violent
crimes, including home invasions, that were prevented
last year according to fee.org.
One of our members that may be here tonight, Tyler
Butler, protected his home due to his right to bear
arms. Many veterans have died for this right. And
then they die every day for this right.
And the main thing -- reason I'm here is because
of this young man right here and his children and his
children's children, and his children's children's
children. If we don't do something about this now
they won't have the right to protect themselves.

APPLAUSE

LEON HARMON: Next speaker is J.W.
MONROE.
J.W. MONROE: My name is J.W. Monroe.
I live at 21 Sweet Willow Pond in Anderson County.
The government called up my daddy and said, here's
a weapon, go to Europe and make those people free.
They called me up and they said, here’s a weapon, to 
over to Vietnam and make those people free. They 
called my son up and sent him to Kuwait. He got shot 
up. But they gave him a weapon and said, make those 
people free.

Don’t you want me to be free?

APPLAUSE

LEON HARMON: Next speaker is James
E. Allen.

JAMES E. ALLEN: My name is James E. 
Allen. I live at 608 Boulevard, Anderson, South 
Carolina.

I’ve got several questions to ask that happened to 
me and I think it’s probably throughout the world; it 
happens all the time. At our church, when I mentioned 
last time about our church, at our church we’ve got a 
security camera. I’m sitting here watching it, and 
this is my hand before the Lord, I see two people. I 
can’t tell you if they was woman or man because they 
had hoodies on, they had sunglasses on, and they was 
wrapped up as far as they could be wrapped up. And we 
spotted them on our camera. We’ve got people that’s 
got concealed weapons permit. I approached them.

When I opened the door they both took off running. I 
don’t know what they had in their minds, but it sure 
wasn’t church. And when they did, I thanked God that 
they run because I didn’t know what I was going to do. 
I didn’t want to be forced to do something I didn’t 
want to do. But I had a way of protection.

There’s another time over on Appleton Mill Hill, 
I’m going to church, some lady sitting there, a man 
beating the fire out of her and there was about six of 
them standing behind her. Later on somebody told me 
she was a prostitute. I didn’t look at a prostitute. 
I looked at a woman that’s almost been beat to death, 
and I stopped and I told the guy, I said, leave her 
alone. He said, the best thing you can do is get in 
your car. I never pulled my gun, but I let him know 
it was inside me. And they got in their car and they 
left. And I told the girl to get some help -- helped 
er get some help.

There was a time that -- I rent houses to people. 
There was a time that this person was being evicted 
and I happened to get there a few minutes before the 
law. Not that I tried to get there before they did. 
It just so happened I beat them. She was going to be 
there when they took -- well, when I approached up and 
got out of my car, a man come running at me probably 
as big a guy as I’ve ever seen with a butcher knife 
about that big. And I ain’t going to repeat the words
that he said to me as he was running to my car. I
didn’t have time to get back in the car, but I did
have my gun to where I could reached through the
window. And I grabbed it. And he was as far as from
here to that right there when I grabbed it. And he
said, you ain’t going to shoot me, but I will cut your
head off. And I said, I pray to God I won’t never
know the answer to that, man. And his wife come out
crying. And I said, please don’t make me do something
I don’t want to do. But I believe actually that man
would have cut my throat that day.
And this is just a few things we face. And if
they know I ain’t got no way of protecting myself --
if these churches, if the people know they ain’t got
no way of protecting their selves, what are they going
to do? They’re getting scared now because they know
people has started taking them to church with them.
I’ve got a buddy that went to a church in Atlanta.
He said a security guard was walking behind the people
taking the offerings up because they would literally
‘go inside the church and steal the offering plate
because nobody could stop them. But now it’s change.
He said now since they know they can take a weapon,
‘they don’t come to that church and steal the offering
plate. But they would literally go to that church and
steal ---

LEON HARMON: Time, Mr. Chairman.

TOMMY DUNN: Time, Mr. Allen.

APPLAUSE

LEON HARMON: Mr. Chairman, next

TOMMY DUNN: Next.

LEON HARMON: My name is Charles Griffiths.

CHARLES GRIFFIS: My name is Charles

Griffis. I live at 320 Murphy Road, Belton, South

Carolina, District 2.

I’m a combat veteran. I spent my time in Bosnia,
Kosova, Macedonia and two tours in Iraq. What did I
fight for? I fought for my freedom and everybody else
here. I fought for everybody up there. You might
disagree with, you know, owing weapons. You might
disagree with protecting your own family. But when
our young men and ladies go out and they serve our
country, they might not come home. If you can live
with that so be it. But I can’t. It isn’t right to
take away the Second Amendment from us. I mean, it’s
not right. It’s there for our protection and your
protection. Don’t take anything away.

You know, you have a right to carry a weapon. You
have a right to protect your families. So does
everybody here. I mean, we’re American citizens.
That’s what it’s about. It’s about freedom.

LEON HARMON: Next speaker is

JOSH SMITH: My name is Josh

Smith. I live at 1332 Bleckley Street, District 2.

If I was elegant or had speeches written to do

this. But I’ve had several combat tours. I’ve lost

friends. I’ve been trained. And I was on the west

cost and decided to come back to Anderson. I love

this place. I’m trying to do my part at Equinox Park.

I did my part to get that place rebuilt. I pushed for

it. A lot of y’all received mail from me about that.

But what I don’t understand is why Anderson has

become the highest crime rate per capita of citizens.

People are afraid. The people, each and every one of

them that I fought to protect and love, I love every

one of them here. You know why, brothers, sisters,

sons, daughters, they have the right to protect

themselves. I made sure I fought for that because I

believe in that. I believe in Anderson.

So it’s time for our representatives to show the

backbone that you know what, we’re not going to fall

for red flags. We’re going to protect our county.

We’re going to protect our people, our constituents.

This is what it’s about. It’s time to stand up. Guns

save lives.

They don’t arm officers with pepper spray and

whistles. They give them guns. That’s plain and

simple. When I went over and played in sand boxes,

they didn’t give me whistles or rocks. They gave us

guns. (End of audio 1.1) Good people will always...

prevail over evil when they can protect themselves.

JOSH SMITH: ... countless times.

Look throughout history and see where the government

has tried to take away guns. See how that turned out

for the people. Go ahead. Ask them. It’s well know.

I did not move back to Anderson, this county I

love so much and fought for, I’ve even tried -- I’m a

big part of the community, Richard M. Campbell’s, the

parks, I’ve helped out. I’ve done my part for the

community because I believe in this county. Some of

you might take it for granted you’re in the position

you’re at now, but don’t take it for granted because

people in numbers speak loud. And they’ve done that

and they’ll do it again. So time is to have a

backbone.

Please, I beg of you, as an Anderson County

member, just overall guy that cares for each and every
one of you, everyone in here, I didn’t fight for your
rights just to come back and have them taken away.
I’m a vet and I’m scared that everything I fought for
is going to get taken away. Everything I fought for
is going to get taken away. It puts me in a
predicament of what did I fight for. What we fought
for ---

LEON HARMON: Time, Mr. Chairman.

JOSH SMITH: ... 75. Thank you.

APPLAUSE

LEON HARMON: Next speaker is Bill

Wetzel.

BILL WETZEL: My name is Bill Wetzel,
5010 Sunset Drive, Easley, South Carolina, but it is
in Anderson County. I’m way out in the country where
we have to wait forty-five minutes for police to
arrive.

But I want to talk about the Bill of Rights. The
first ten Amendments, they are all individual rights
for the people to be able to have protection from the
government. The First Amendment, rights of free
speech, freedom of religion, freedom of the press,
freedom of assembly; they were considered absolutely
necessary for freedom.

The Second Amendment was put in place because
without the ability to protect yourself and your
rights, all rights are useless.

The first thing a socialist or communist country
does is strip its citizens of firearms so that they
can’t defend themselves, that they can’t protect
themselves from unpopular things coming through.
Right now a socialist may be our next President.
We’re that close to having some terrible things
happening. Thank you.

APPLAUSE

LEON HARMON: Next speaker is Paige

Thibault.

PAIGE THIBAULT: Hi, my name is Paige

Thibault. I live in District 6.

I was a victim of domestic violence. My ex-
boyfriend tried to kill me and I got away, but
unfortunately so did he. He was able to evade law
enforcement for over two weeks. I had to carry my
firearm with me everywhere I went because I was
terrified. When I got home in the afternoon, I had to
go room to room clearing my house; every closet, every
shower, under the bed, behind the bed. I was
terrified to go home. I don’t know how I would have
survived without my firearm. At least I felt I had
some type of safety. I’m way out in the country;
thirty, forty-five minutes before the police can arrive.
I just beg you to please protect our rights. I
hate to think what would happen if it was your
daughter or your sister or your mom that had to live
like that in fear. Thank you.

APPLAUSE

LEON HARMON: Next speaker is Robert T. McCurry.

ROBERT T. MCCURRY: Good evening, Council.
I’m here as we the people. Let’s put Anderson back on the map. You know, Anderson was the Electric City. It was on the map. It got put on the map before Charleston. It was something. It was a sight
to behold because we was a people. Now let’s put Anderson back on the map as we the people in
supporting the Second Amendment completely.

We the people of the United States, in order to
form a more perfect union, establish justice, ensure
domestic tranquility, provide for the common defense,
promote the general welfare. And in doing that you’re
creating a condition under which the general
population, we the people, can prosper and flourish.
It means protecting the environment in which we live.
And secure the blessings of liberty to ourselves and
our posterity.

I run a barber shop. Been in business for sixty-
two years. Working on the third generation and the
fourth is on its way. That fourth is my posterity.
These children are our posterity. Let’s keep this
Second Amendment strong.

In doing that, we do ordain, we the people, do
ordain this Constitution for the United States of
America. We support this. This preamble was made so
that the Ten Commandments following would be a -- more
explained than the Constitution itself. Because they
was afraid the Constitution couldn’t be understood the
way it was. Then we come up with the Amendments which
explains the Constitution.

Please support this without a resolution. All the
way through. We the people are here. We’re not here
-- I’m not here to threaten nobody’s job because
that’s all you want. You want us to. Do what you’ve
got to do. That’s the way everybody looks at it. But
let’s just protect our people, making Anderson great
again. Thank you.

APPLAUSE

LEON HARMON: Next speaker is Zach Camp.

ZACH CAMP: Good evening, ladies
and gentlemen of the council. My name is Zach Camp, resident of South Carolina District 6, and I’m also a combat veteran. I served in the United States Army for eight years, in which I eventually left at the rank of Captain. Like all soldiers before me and those that will come after me, I swore to protect and defend the Constitution of the United States against all enemies, foreign and domestic. As an officer in the U.S. Army, I had the same expectation of all of my soldiers. The Constitution was written by our forefathers to serve as a document that protects us, not only from foreign governments but also our own.

We are asking this council to fully support our proposed ordinance because we also believe in the Constitution. Today we live in an age where the Second Amendment is under constant attack by all left supported armed with false information and lies provided by politicians and the media that know nothing about guns, yet pose as subject matter experts.

We believe it is our duty to protect and preserve not only the Second Amendment but the Constitution of the United States for not only ourselves but also for future generations.

In our proposed ordinance we are not asking for anything unfair, unjust, immoral or illegal, and certainly not unconstitutional, as some have called it. We are only asking that you guarantee and support our rights by voting in favor of this ordinance.

I, for one, honestly feel most safe in places where I can legally carry my firearm because my past experiences have trained me well to do so. It is in these gun-free zones that are safe places that restrict the law-abiding citizens’ ability to exercise the Second Amendment that I feel the most vulnerable because they do nothing to restrict a criminal that is intent on doing harm.

I’m sure I speak for many of us here tonight when I say that my safe place is not in a government building that restricts my right to carry and only protected by a few brave officers that guard the door; rather it is in my local gun shop where I know I’m surrounded by law abiding citizens carrying everything from a nine millimeter Glock to a Kimber 1911 custom 45 ACP.

The Second Amendment belongs to the people of this nation and we will not negotiate for it. Long live the republic and long live the Second Amendment.

Thank you.
APPLAUSE

LEON HARMON: Next speaker is Brent Powell.

BRENT POWELL: Do I use this one?

TOMMY DUNN: Yes, sir.

BRENT POWELL: My name is Brent Powell. I reside in the Powdersville District. Mr. Davis is my representative to the council of Anderson. I live as far from here as you possibly can, right on the line. I am a father and an ordained minister. I have three young children. And I'm here tonight to speak on their behalf and all the friends and family that I have in Anderson and Powdersville, Anderson County and Powdersville.

Tonight we've heard a lot about the Second Amendment. I want to start off with what -- the Constitution where it says we have unalienable rights. I want to explain something. These are unalienable rights. This is my Bible. This is my unalienable right to life, liberty and the pursuit of happiness.

Now, our forefathers had enough common sense to say there's going to be people that don't like that and they're going to want to take that. So what they did was they created -- this is my Constitution that I carry with me all the time. So they put this Constitution that basically said this is the law. And what they did was they put a Constitution in place.

And again, they had the common sense to know somebody is not going to like this. So they said, you know what, we're going to put the Second Amendment that says that whenever this is questioned, whenever this falters, which is just this in this form, then we're going to make it to where the people have the right to defend this and this. This is not about hunting and fishing. This is about defending this and defending my family against people that want to take this, my inalienable right to life, liberty and the pursuit of happiness.

Now, what we're asking with the ordinance is not the right to have guns. We already have that right. We're not asking for an ordinance that says that we're going to form a militia. We already have that right, really. What we're asking tonight is to put a second layer of protection for the residents of Anderson County through a legal binding ordinance that says when this falters, which we know is already being beat up already, that when this falters, we're protecting the residents of Anderson County. We're protecting our sheriff that says that Anderson County in no way can use funds, can in no way use personnel to
confiscate law abiding citizens’ guns.
This is not rocket science. I have heard it
bounced around that this ordinance was
unconstitutional. How is it unconstitutional when it
is something that is a safeguard for the Constitution.
That makes no sense whatsoever.

So tonight I’m here to ask you to get the
ordinance that was given to you, find a lawyer that
can make it right and pass the stinking thing, and put
another layer of protection that is for us and
Anderson County, and like another person said, put us
back on the map to where I can defend my family, my
friends and my Bible and my freedom.

LEON HARMON: Time, Mr. Chairman.
BRENT POWELL: Thank you.

APPLAUSE

TOMMY DUNN: Mr. Harmon.
LEON HARMON: Next speaker is
Elizabeth Fant.

ELIZABETH FANT: Good evening. Elizabeth
Fant, District 3.

Some of you don’t know this, but I’m usually the
only one in here that gets up and speaks. Every
council meeting. I applaud you being here and I hope
this is not the last time. Because a lot of things,
not just this resolution, that you need to be
interested in. That’s what I’m speaking on, as well.
We have a wonderful sheriff. In three years
Sheriff McBride has taken Anderson County from being
the thirteenth highest in criminal affairs in the
nation -- in the nation -- to where we are today. And
he has already cut thirty percent of the crime in
Anderson County.

APPLAUSE

ELIZABETH FANT: Sheriff McBride has said
he in no way is going to be a part of taking anybody’s
guns. And that’s the way it should be. We do have
that Second Amendment right. I’m very upset when I
got here tonight and found out there wasn’t going to
be an ordinance; it was going to be this resolution.
A resolution is a wimp. A resolution, for those
good people in the audience, you realize it, that it’s on
the books for a year and after a year if it’s not
renewed or anything happens to it, it just goes away.
The people out here that use guns in a bad way are
bad people. But you can use a gun, you can use a
vehicle, you can use a knife, you can use poison, you
can use all kinds of other means to do harm to people.

I’m going to tell you something about me you don’t
know. You think you know everything about me. But
you don't. I used to be a member of the Belton Gun Club. And years ago before my vision got so bad, I got a big ole trophy for pistol shooting and rifle shooting.

I believe in protecting yourself, protecting your neighbors, protecting your family. My family also served in the military and it just breaks my heart to hear these people who have been in the military or are in the reserve now to hear that what their service has done, it's just basically done, null and void, when you talk about taking away people's guns. It might start with AR whatever, but then it goes to another and another level and pretty soon, once the government takes one gun they can take any gun and then you're left where the criminals are the ones who have the guns and you have no protection.

Likewise, I have two neighbors that had run-ins with the wild stuff. I have one neighbor that a big ole deer that had fifteen points on it decided it wanted to look in the glass window of the door.

LEON HARMON: Time, Mr. Chair.

TOMMY DUNN: Next, Mr. Harmon.

APPLAUSE

LEON HARMON: Next speaker is Michael Shirley.

MICHAEL SHIRLEY: My name is Michael Shirley. I'm going -- District 5 is where I'm at. I'm going to take more than three minutes so you're going to get the opportunity to put me in my place, but I am going to finish what my wife started.

You, Tommy Dunn, told us you supported our effort, coyly using the term resolution, which we unfortunately overlooked in our eagerness. You put it on the agenda like it was your idea and then passed our ordinance off to the county attorney and had it redrafted into a spineless resolution.

You told me yourself, and I'm reading this for her, you told me yourself that you would not support this ordinance and that you would not violate state law if passed, no matter how unconstitutional. Some laws are just bad. Look at prohibition. Look at Jim Crow. We did not fight for equal rights to use the civil disobedience such as this for you to tread on us now.

I do have a couple of things I do want to talk about. I know a lot of you guys up there aren't real happy with me because of some of the things I've said. And that's okay. I don't care. I don't think most of these people in here care about your feelings. I don't know how y'all are going to vote. I don't know
how you feel. But I do know that you are an enemy of this county, Mr. Dunn. You basically said you support red flag laws and would let it go if it comes -- if the state tells you you have to. No, sir, that is not how this works. I understand that you have that seat right now, but I'm the proud husband of that woman back there that got quite a standing ovation after her speech. She's going to be your opponent, you can guarantee that.

APPLAUSE

TOMMY DUNN: Mr. Harmon, next.

LEON HARMON: That's all the speakers signed up at this -- for this time period.

TOMMY DUNN: Thank you, Mr. Harmon.

CINDY WILSON: Mr. Chairman, may I quickly? I have at the desk the bill -- a copy of the bill Representative Brian White filed. May we ask our clerk to make multiple copies to hand out to our audience members, because this is probably what we'll be working from.

TOMMY DUNN: We're going to get you a copy of it. Everybody will get a copy. That's what she's asking.

Moving on to item number 6(a), ordinance third reading, 2019-058, ordinance authorizing, pursuant to Title 4 of the Code of Laws of South Carolina 1976, as amended, including Sections 4-1-71, 4-1-175 and 4-29-68 thereof, and Article VIII, Section 13 of the South Carolina Constitution, the execution and delivery of an infrastructure credit agreement by and between Anderson County, South Carolina and Cheney Mill Owner LLC or assigns, to provide for certain special revenue infrastructure credit for project Cheney Mill.

Mr. Nelson? Is he here?

At this time we'll be going into a public hearing. Anyone wishing to speak to this matter, this matter only, please step forward and state your name and district and address the chair. Anyone at all? Hearing and seeing none, the public hearing will be closed. Like I said, this is third reading. Do we have a motion to move this forward?

CINDY WILSON: So moved.

TOMMY DUNN: Motion Mr. Sanders;

GRACIE FLOYD: When this thing was first presented to us in 2019, I had some real serious concerns about it. And as I read over it today, there has been--nothing new that has happened that has changed my mind about this. So I am still standing on the same comments and the same principals I had about
this ordinance. It’s something we have not done before, and I don’t think it’s a good idea for us to start doing it now unless we’re going to do it for everybody. And we haven’t done that before. And I thank you.

TOMMY DUNN: Thank you. Anyone else? All in favor of the motion show of hands. All opposed. Show the motion carries, Mr. Davis, Mr. Sanders, Mr. Dunn, Mr. Graham, Ms. Wilson in favor; Ms. Floyd opposes.

Moving on to item number 6(b), 2020-001, an ordinance to amend the zoning map to rezone plus or minus 23.66 acres from R-20... I’m sorry. I missed Mr. Newton’s thing. I’m going to go back when we get through this second reading here. ... acres from R-20 single family residential to R-A residential agriculture at 150 Burns Bridge Road. Be in Mr. Sanders’ district. Do we have a motion to move this forward?

BRETT SANDERS: So moved.
CINDY WILSON: Second.
TOMMY DUNN: Motion Mr. Sanders; second Ms. Wilson. Any discussion?
GRACIE FLOYD: Well, I didn’t want to be the first one, but I have received several telephone calls about this, and a letter. Okay. Which one is this? It’s still in your district; right?

BRETT SANDERS: Yes, ma’am.
GRACIE FLOYD: All right. I’ll wait.
TOMMY DUNN: Okay. Anyone else? All in favor of the motion show of hands. Opposed like sign. Show the motion carries unanimously.

Moving on, going back to item number 5, this will be an update on the 2020 census efforts by Mr. Newton; Steve Newton.

STEVE NEWTON: Thank you, Mr. Chairman and members of council. If I can beg one second while my Census Complete Count Committee Co-Chair joins us up here. As council and most of the public I believe are aware, the -- April 1st is census day, so that’s right around the corner.

Now, the Anderson Complete Count Census Committee has been working over the past several weeks and months to try to coordinate local efforts aimed at, in general, encouraging people to participate in the census and making them aware that the census is coming up, so on and so forth.
In tandem with that we have been working with several different community agencies, organizations and institutions in order to try to make sure that what we call vulnerable populations are aware of the census and are counted properly. Some of those vulnerable groups that generally have low non-response rates are small children between zero and five, partially because, you know, until you enroll in school there’s not really any kind of record of you in the system anywhere. Adults without access to the internet. This is the first year that the census can be done on the internet. And we are working with the library system to make it possible for people to participate in the census online there at any library location.

We’re communicating with various groups who serve the African American and Spanish speaking communities. We’re also reaching out to other vulnerable populations such as those who have recently been released from incarceration, adults in or near poverty and adults in transitory living situations.

Our main partners are the Anderson County Library system, the United Way, Delta Sigma Theta is providing some assistance as part of this effort. There are several other -- all the Anderson school districts are working with us in outreach to homeless students to make sure that they are counted properly. Several other organizations are involved, and I don’t want to try to list them this evening for fear of missing somebody.

But if I may, the lady standing to my left is Ms. Zoe Hale, who is with the Community Resource Guide Organization. She’s the co-chair of the Complete Count Committee. Her input and efforts have been invaluable in our preparation for the census. Zoe, if you have a couple of words you would like to say.

ZOE HALÉ: I do. I’ll be brief because I’ve been in the military -- can y’all hear me? I’ll try that. There you go. Got a good reflection from it. All right. I spent twenty-seven years in the military and hope to spend twenty-seven seconds educating you on the census for 2020. The only requirement to respond to the census in Anderson County on April 1st is that you’re breathing. For the medical people in the audience, assisted breathing is okay. It does not matter if you’re a visitor from a different country. If you’re say from Japan or Germany or one of our international coalitions, if you’re here using the services in Anderson County, you are qualified to take the census.
There are only nine questions. I’ve spent more time talking about the census than it will take you to answer the census. Every person who responds in Anderson County brings in eight hundred and nine federal dollars to Anderson County that serve the most vulnerable in our county.

Now that you know everything you need to know, you can respond to the census online, on your phone, you can talk to a person if you have a strange desire to speak to people on the phone about the census. It is really easy. It is online. You can do it in your public libraries. We’re negotiating to get you not only attractive I Have Responded to the Census stickers, but free coffee, as well. And if your children are in childcare facilities, in that age range of zero to five, you can get free diapers.

Other than that, I hope you have a great evening. And when you get your invitation to respond to the census you now know what to do. Nine questions, under fifty-nine seconds, bring in money to South Carolina.

TOMMY DUNN: Thank you.

APPLAUSE

STEVE NEWTON: And Mr. Chairman, if I can add one more point to this. If South Carolina’s population is undercounted by as little as four percent statewide, we will lose a congressional seat. Okay? That is -- that’s what the stakes are here. The head count defines how many representatives we have. So I just, please, ask everybody to respond to the census and participate in this thing that’s mentioned in our Constitution and asked of us.

JIMMY DAVIS: Mr. Newton.

STEVE NEWTON: Yes, sir.

JIMMY DAVIS: Is the number of congressional representatives, is that tied to our electoral votes?

STEVE NEWTON: Yes, sir. The number of electoral votes the state has is a function of how many house seats you have, plus two for the senators.

JIMMY DAVIS: So everybody sign up. We need electoral votes; don’t we?

STEVE NEWTON: Exactly. Exactly. Seriously, I did run the numbers and in the last census if South Carolina had just been slightly undercounted because people didn’t participate, we would have six congressional seats and eight electoral votes rather than seven and nine.

JIMMY DAVIS: Thank you.

STEVE NEWTON: Thank you.
TOMMY DUNN: Thank you.
Moving on to item number 6(c), 2020-002, an ordinance authorizing the execution of a lease purchase agreement in an amount not exceeding 2.2 million dollars relating to the leasing and purchasing of software, the execution of necessary documents and closing papers. This will be a public hearing.
Anyone wishing to speak to this matter, please step forward and state your name and district and address the chair, please. Anyone at all?

DANIEL MCKEE: Daniel McKee, District 3.
I've just got a question about it. What is this software actually for that we're spending 2.2 million dollars?

TOMMY DUNN: Running the whole county computer system, financing and everything.

DANIEL MCKEE: All right. Thank you.

TOMMY DUNN: It hasn't been updated in over twenty years.

JOSH SMITH: My name is Josh Smith and I will speak on behalf. I do work for the city and I can verify, it is way past due, an overhaul of this. So I suggest, please, we're back in the stone ages. Six months anywhere behind on software puts you out-of-date. But being twenty years out puts Anderson in the stone ages. So, yes, I'm all for this. Thank you.

TOMMY DUNN: Anyone else?

ELIZABETH FANT: Elizabeth Fant, District 3. Those of you that know me know that I am passionate about taking care of animals and the lack
of abuse. The way I understand this is our officers are wanting to -- I'm not sure if this is the right word -- but kind of step down in the ordinance as to what constitutes maltreatment so that if they see somebody that is not taking care of a pet, if it's an education issue, explaining to them what they should be doing, that they can use that as an opportunity to change that situation for the pet and not necessarily put somebody in the slammer. So from that standpoint I think it's okay for this ordinance to get passed.

- TOMMY DUNN: Anyone else?

Seeing and hearing none, the public hearing will be closed. Mr. Graham.

RAY GRAHAM: Thank you, Mr. Chairman. Basically this is where we can kind of update the ordinance and basically allow the sheriff's department to kind of have some leeway as far as charging the state charge versus county charge. For lack of better terms, it gives them the opportunity to educate the citizens on some of the laws in the event that's what the case needs to be done. They can still initiate a fine, but they can keep it local and basically educate them at the same point. So really it's just kind of updating our laws, is what it's doing.

TOMMY DUNN: Thank you, Mr. Graham. Anyone else? Do we have a motion -- put that in the form of a motion; right, Mr. Graham?

RAY GRAHAM: I do, Mr. Chairman. Thank you.

TOMMY DUNN: Motion by Mr. Graham. Do we have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second by Ms. Wilson. Any discussion? Seeing and hearing none, all in favor of the motion show of hands. All opposed like sign. Show the motion carries unanimously.

Moving on to item number 6(e), 2020-004, an ordinance to amend an agreement for the development of the joint county industrial and business park, 2010 park, of Anderson and Greenville Counties so as to enlarge the park to include Vermeer Manufacturing, doing business as Vermeer Corporation, Project Yellow.

Mr. Nelson, if you would just say a few words and then we'll have a public hearing.

BURRISS NELSON: Thank you, sir.

Mr. Chairman, members of council, Project Yellow is actually a Vermeer Manufacturing Company in Greenville. They're expanding their operation in Greenville County. As a courtesy to Greenville County
we’re asking to include Project Yellow in the multi-county park agreement so that they can avail themselves to additional state incentives that could be available to them. And we have a reciprocal agreement with Greenville and they do projects for us likewise, the same kind of opportunity for the incentives from the state. And Greenville sends its thanks for council considering this proposed use of the multi-county park agreement.

TOMMY DUNN: We’ll go into a public hearing now on this issue. Anyone wishing to speak to this matter please step forward, state your name, district and address the chair, please. Anyone at all? Hearing and seeing none, the public hearing will be closed. Do we have a motion to move this forward?

CINDY WILSON: So moved.

TOMMY DUNN: Motion Ms. Wilson.

Do we have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second Mr. Davis.

Any discussion?

CINDY WILSON: May I, Mr.

Chairman?

TOMMY DUNN: Ms. Wilson.

CINDY WILSON: It seems that because we have a wonderful audience tonight and we’ve studied these measures very carefully for a good while, they may not know what this is about.

Our State Constitution of 1895 is a bit of a problem when it comes to economic development. It sought to keep out the carpetbaggers and keep minorities out of government. So because of that, we have the highest industrial tax assessment ratio in the nation. And these efforts are basically a circumvention of our State Constitution allowing the local governments to provide incentives and fee-in-lieu of taxes to allow industries to be able to locate here and compete, and of course, our local businesses to expand.

Many of you are probably private business owners here and you may want to contact Mr. Burriss Nelson and our Economic Development Department. You may be qualified to some of these same measures. But that’s as short an explanation as I can give you. Thank you.

TOMMY DUNN: Thank you, Ms.

Wilson. Any more discussion? Hearing none, all in favor of the motion show of hands. Opposed like sign.

Show the motion carries.

Show Ms. Floyd has stepped out of the room.
Moving on now to number 7(a), ordinance second reading, 2020-005, an ordinance authorizing the execution and delivery of a special source revenue credit agreement by and between Anderson County, South Carolina and Project Robo with respect to special source revenue credit to be applied against fee-in-lieu of tax payments related to certain investments in the County. Mr. Nelson.

BURRISS NELSON: Thank you, Mr. Chairman, members of council. This is one of our smaller existing companies bringing a very nice expansion to their operation. They’re adding twenty-one jobs with an average pay of thirty-seven dollars and seventy-three cents an hours. That’s an annual payroll just for those twenty-five -- twenty-one employees of almost 1.5 million dollars. New taxes, property taxes for that project, in year one will add an additional thirty-two thousand in property tax. Over the thirty years projected that project will bring in seven hundred and ninety-nine thousand dollars of additional property tax, plus the opportunity for all those folks to spend lots of money in Anderson County.

First year community impact, 4.1 million; twenty year community impact, nineteen million, almost twenty million dollars in total impact. Over thirty year life of that project it will generate, as I said, almost eight hundred thousand dollars in property tax. This comes to council with a recommendation from staff and from the Economic Development Advisory Board. Thank you for your consideration.

TOMMY DUNN: Thank you, Mr. Nelson. Do we have a motion to move this forward?

JIMMY DAVIS: So moved.

TOMMY DUNN: Motion Ms. Wilson; second Mr. Davis. Do we have any discussion? Seeing and hearing none, all in favor of the motion show of hands. All opposed like sign. Show the motion carries. Again, let the record show Ms. Floyd stepped out of the room.

We’re going to take a quick ten-minute break and we’ll convene back here in a few moment.

BREAK

TOMMY DUNN: Council is back in session.

At this time we’ll be moving on to item number 7(a), be 2020-005, an ordinance authorizing the execution and delivery of a special source -- we’ve done that one; haven’t we? We’ve done that one. Didn’t mark it before I left.
We're moving on to item 8(a), first reading. This will be a public hearing. This is an ordinance to recommend the rezoning map to rezone plus or minus 50.26 acres from R-20 single family residential to R-A residential agricultural at 1061 Asbury Park Road.

Dr. Parkey, do you have any comments before we go into public hearing?

JEFF PARKEY: Thank you, Mr. Chair. Yes, the request is to rezone at Asbury Park Road, about fifty acres, to change from R-20 single family residential, twenty thousand square foot lot district, to R-A the residential agricultural district for purposes of a riding academy. Staff recommended approval of this request. Planning Commission also recommended approval at its February 11th meeting.

TOMMY DUNN: Thank you, Dr. Parkey. This will be a public hearing. Anyone wishing to speak to this matter, please step forward and state your name and district and address the chair. Anyone at all, please. Hearing and seeing none, the public hearing will be closed. Do we have a motion to move this forward?

CINDY WILSON: So moved.

TOMMY DUNN: Motion Ms. Wilson. Do we have a second?

BRETT SANDERS: Second.

TOMMY DUNN: Second Mr. Sanders. Any discussion? Hearing none, all in favor of the motion show of hands. Opposed like sign. Show the motion carries unanimously.

Now moving on to item number 9(a), resolutions, be R2020-007, a resolution by Anderson County Council expressing its support of the Second Amendment rights. I'm going to take the floor first. I'm going to let every council member have their say or what not.

I'm going to start off. I'm going to make the motion clear. I thought we had a -- I'll get into that in a minute. I'm going to make the motion tonight to table this. Got no problem with that. But let me say this, we have got to -- I thought we had a -- me and Mr. Sanders met this morning with a gentlemen and I thought we had something worked out that we could hang our hats on. And my goal is to make Anderson County to have something another to be proud of and be the first one to set the template around the state. Did y'all know this has come up in four counties so far? - Three of them has done resolutions. The fourth one was Laurens and I think it was last night or night before last, I don't know what they voted on, but they voted it down, whatever
they voted on. There’s reasons for this.

But my goal and our goal when we met this morning,
was to put a committee together with citizens’ input.

It’s not a stall tactic by no means. It was to come
back to have first reading no later than the first
meeting in April. This, whether you like it or not,
this ordinance, so-called ordinance that was presented
to council, will not hold up in Court. This won’t.

It’s got to be tweaked and have some changes to it.
And we’re very willing to do that and make something
that will work to get something back.

But first and foremost, I want to make sure
everybody -- hearing the comments up here and talking
around the room -- nobody on this council that I’m
aware of unless somebody can tell me something
otherwise, is trying to take anybody’s guns away. Not
yet or not tomorrow. Got any proof of that with this
council -- now, a new council might do something
another, but this council is not going to do it. I
think I would be safe to say every one of us up here
is gun owners. And we have no problem trying to get
something another done, but we’ve got to have
something another or we’ll get sued on it, that will
hold up. Not this -- and I wanted to ask the
gentleman to bring the lawyer from Carry South
Carolina to be on this committee to have some input.
They chose not to do this evidently. But anyway,
we’ve got to have something another that we go to
Court, because we’ll get sued on this, to protect the
citizens of Anderson County from frivolous lawsuits
that can hold up. That’s where we’re coming from.

We’re going to work very hard to do this. I’ve
talked to one gentleman in the audience and I hope we
can get four or five citizens that’s willing to
participate in this that’s level headed. We can still
carry out this what we talked about this morning. It
ain’t that we ain’t going to do something another.
We’ve got to do it and do it in the right way. It’s
not a stall tactic. This resolution that was going to
be voted on tonight is going to be amended to say --
to put in writing that it would be an ordinance to be
voted on before -- on or before the first meeting in
April, and have this committee make up how it was
going to be.

I know this is a very passionate thing, but we’ve
got to use common sense and things, too, and that’s
where we’re at. I’ve said my piece. I’m not going to
put the motion on the floor to table it because it’s
non-debatable. I’m going to start down the line now
and let Mr. Davis if he’s got anything he wants to add
or say on the thing.

JIMMY DAVIS: Thank you, Mr. Chair. A few comments. I’m a lifelong resident of Anderson County. My family has been here almost two hundred years. I own guns, I carry guns, I shoot guns, I’m a member of the NRA, a lifetime member of Belton Gun Club. I love to hunt, fish and be outside. But what I ran on was -- and I believe in the Second Amendment. Don’t get me wrong. I ran on being financially conservative. I’m a conservative. Yeah, I ran on the Republican ticket, but I’m a conservative person. And I’ve heard tactics and people talk about fear. The only two things I fear is losing my little dog and I fear the Lord.

So I’m not afraid of anybody here because we’re all good citizens. We’re all good and passionate people. I don’t believe anybody in here is out for malice or anything tonight. And I’m not fearful of my life. I don’t -- I’m glad our officers are here. I’m glad our sheriff deputies are here and Major Vaughan is here. But I’m not afraid of anybody here. But I’m financially conservative.

And through this process that we’ve been going through, I’ve spoken many times with our sheriff, and the sheriff has agreed that he will uphold and not use county services to take anybody’s guns. And I’m not sure where some conversation got to taking place about -- county council can’t take your guns. County council is not the enforcement arm of Anderson County. And we don’t want to be. We’re here as servants of the people. We’re here to serve you. And this council is a good council. I may not agree with anybody down this line all the time, but we’ve done a lot of good in the last year and we’ll keep doing a lot of good. We’ve got a big budget to work on, and we want to be financially conservative with your tax dollars and our tax dollars. We pay taxes, too.

But back to this ordinance, I want to see something that -- no pun intended -- is bullet proof. Okay? I want to see something that we put out there that says what our intentions are, what we believe in, and can’t be challenged. If we put something out there that’s going to be challenged we’re going to be where Anderson County was in the past and we’re going to be paying a lot of legal fees, and guess who pays the legal fees? Us. We don’t want to do that. We want to do it -- my granddaddy, he had a good saying and I’ve sure all of you have heard it, if you’re going to do it do it right the first time. Saves money, saves time, saves blood, sweat and tears. We
want to do this thing the right way the first time. And I'm dedicated to that. And I know my fellow council people are, too. But I am dedicated to that. And I want to put our best effort forward.

Some of you talked about, hey, let's bring Anderson County back to the greatness it once was with it being the Electric City. We're making great strides. We've bringing the software package which is really archaic up to speed. So we're moving the county in the right direction. And we can do it along the same lines by protecting the Second Amendment rights.

We need to make sure we're doing it the right way. We don't need to backtrack. Once we put something out there, I don't want to waste time and energy and money backtracking on something that doesn't exactly hold water. I want to make sure that the attorney general is in agreement with it. He's a Second rights activist, and I want to make sure that whatever we put out there is rock solid. Okay? And that's where I'm at on it.

I'm glad we're tabling this tonight. I want to have good discussions with the community, with the council and we come up with something -- you know, Anderson County could be the first one to do it. If that's what we want to do, we can be the first one to do it, but by God, we'd better do it right. Because all these other counties around here aren't exactly jumping on board. Spartanburg didn't; Laurens didn't. Everybody else is doing a resolution. That's where we were going. And the state has go the bill. The state's got some stuff working with representative Brian White. He's working hard on this. Let's support him and his efforts down there.

But if we're going to do it, we need to do it right the first time out of the gate. Thank you, Mr. Chair.

TOMMY DUNN: Thank you.

Mr. Sanders.

BRETT SANDERS: Councilman Davis did an excellent job summarizing the way I feel. I said Councilman Davis did a great job pretty much explaining the exact way I feel.

Again, Anderson County can be the first county that does this. And like he said, we need to do it right. We want to be an example for other people. I know I hear stall tactics. It's not that. The ordinance that we had, our county attorney looked over it. It doesn't need much tweaking. We can sit down together, work this out, get this thing passed.
I would like to say I heard things about Mr. Harmon, our county attorney here. Mr. Harmon’s son is a fighter pilot. He has another son on a mission in the Pacific that I don’t know when the last time he talked to him. But he’s one of the patriotic supporters that I’m hearing negative things about. And I just wanted to speak up on his behalf because his job is the law. And the law is either right or wrong. There’s no gray area in there. And if there’s an area that needs to be looked at or could cost us as citizens and taxpayers money, that’s what he’s there to do; is to protect us. So I would just like, again, to thank Mr. Harmon on what he worked on. I want everyone out here to know that I am a supporter of our Second Amendment rights. I’m going to fight with you and for you.

But as Councilman Davis said, it’s got to be done right and there’s a process. And I think I told someone earlier, ‘it’s like baking a cake; you don’t start with the icing. We’ve got to get down and get the ingredients in there and then we can put the icing on top and we can come out and be one of the first.

I heard other things about council members; Chairman Dunn, a reg flag supporter. That’s the furthest thing -- I can’t believe it was even said. And I just wanted to speak on his behalf. Every one up here, most of the people that I’ve talked to and dealt with are in support. We’ve just go to do things, as Councilman Davis said, we’ve got to do it the right way; work together.

As Chairman Dunn said, I thought we had something worked out this morning that was supposed to have been shared with each and every one of you to where you knew we had the plan, we had the action, but again, I think that deal has changed or they may want to go a different direction.

But as the council member for District 4, we’re going to work this out and we’re going to get it put through. And I appreciate every one of you for being out here. I’d like, once this is through, get compassion on some other issues. Let’s make some changes together. I appreciate you. Thank you.

TOMMY DUNN: Ms. Floyd.

GRACIE FLOYD: My problem was I was blind sided. I didn’t get a phone call about any of this. I asked -- is his name Mr. Jones? Yeah, there he is in the back. I asked him, why didn’t you call me? Why didn’t you talk to me about this? Why didn’t you tell me what was going on? Nobody called me. Nobody called.
I walked in here -- well, first I heard rumors, something about me, and here I am minding my own business, trying to work in District 2, and all of this comes up. For no reason at all. Nobody said one word to me about it.

I've been busy working with housing in District 2. Folks in my district need housing. They have nowhere to live. There's a lot of homeless people down there. I have seventy-seven houses in one district that needs to be torn down. The next highest is, I think it's twenty-six. But in my district, District 2, seventy-seven. I have flooding. People couldn't even go to their house, inside their house that day we had all that rain. I went down there. They were trying to get boats to get people out of their house. There was a lady in there who could not walk and they was taking boats to her house. That's what I was thinking on.

I've been trying to pass out the voting registration form to make sure many people that could get out and vote. That's what I've been doing. But not too busy to talk to somebody on the telephone to say, hey, how do you feel?

Now, I'm a Second Amendment person. I've got three firearms. One I had to give up. But I have three firearms. I'm a carrier. I protect myself. My boys protect themselves. So to be labeled as I was for whatever today -- today I have been given four reasons or explanations what this was all about. And every -- and all four were different. Four. When I was trying to figure out, well, what's the problem? Who's taking my guns from me? Who's coming to do this for me? I'm not giving up my guns. And I asked this person what is this about? They told me one thing was wrong. I even called Personnel and I said, can you tell me what this is about? Didn't -- I don't think he had a clue. Okay. Phone calls. Nobody could tell me what this was about.

The man that came closest tonight is not here any more. When he spoke, ah, that's what they're upset about. And all you had to do was call me. I'm in the phone book.

But before -- as we go along on this road, let's talk. Let's talk to each other. I didn't know y'all were having a meeting until this morning. Uh-huh (affirmative). I didn't even know about the meeting this morning.

... But I have Second Amendment. I have a gun. I've even got one of them pump things. I don't know much about guns. And I have a -- what is it? Okay. I've got a three something Magnum. But I passed every test
that I had to take to get them, but I've got them. If
you don't believe me show up at three o'clock this
morning with potato chips. Okay?
I'm not your enemy. I'm not your enemy. So don't
make me into your enemy. All right. Work with us.
Thank you.
TOMMY DUNN: Thank you.
Mr. Graham.
RAY GRAHAM: Thank you, Mr.
Chairman. I'll try to be brief. But you know,
there's so much to talk about here.
And first and foremost, I want to commend every
one of the citizens that took the time and effort to
speak tonight. I am a supporter of the Second
Amendment. My good friend, Gary Bolden (phonics) back
here, we had many a talks concerning weapons. I
didn't see you until a little bit ago, Gary. Good to
see you tonight. But you know, I'm a firm supporter
in it.
Someone made a comment earlier tonight while they
were talking and they referred to council members as
servants. And you hit it right on the head. That's
exactly what this position is. In fact, I've been a
servant -- I'll be fifty years old this year, and I've
been a servant for thirty-five. I started out in the
Junior Rescue Squad, later on got into the fire
department, got into law enforcement. When I got out
of law enforcement, I got on county council. I've
been serving the community my entire life. And proud
to do so. And I can assure you, it is not for the
money. You know, the taxes that we pay, we pay, us,
you guys, I pay more in taxes, in property taxes each
year than what I make on county council. And that's a
fact. But I'm proud to support this county. I'm
proud to support the Second Amendment.
When this started coming up, I sent an email and
notified Mr. Burns and also Mr. Harmon my thought
process on this. Sent a proposal -- or sent kind of
what the recommendation was as far as coming forth
with an ordinance to present to full council for
reading.
Now, one thing about it, there's been multiple
comments on this. I do realize that we can either do
it and present an ordinance and have lawsuits and have
all kind of other I guess flack from it, or we can do
it right and we can set precedence and be the leader
in the state on showing our support for the Second
Amendment.
Now, with that being said, I realize that we have
to go forth and move forward in getting something
done. Multiple times we have presented ordinances in
council on the first reading as in name only. And
basically that’s just a way of going ahead and getting
the process started and moving forward and basically
finishing up the details as we go. And naturally on
the second and third reading we have something in
place. Something hard there that’s in place that
meets the guidelines of whoever was the individual
that wanted it brought up. And as the times goes,
we’ve got the support of either full council or at
least four of us. Do your math up here. There’s
seven. We’ve got to have four to pass something.

Now, when you don’t have those three voted, it
doesn’t mean that they don’t support Anderson County.
It just means that they don’t necessarily support that
actual item that’s being presented. And there’s been
many a times that I’ve voted against these other six
members. And it’s not because I don’t support each
and every one of them. It’s because my beliefs or the
knowledge that I have on that particular topic, I just
felt like I needed to take a stand in a different
direction.

That goes back to our rights, guys. Each and
every individual’s rights. We’re put in a position to
represent. I represent District 3; okay? The ones
that don’t know, that’s the Starr, Iva, Belton area.
Grewed up in Belton. Live in Starr now. Got a
business down in Iva. Very active in my community.

With all this being said, I’m not a bit happy
where we’re at tonight on this. Do I understand why
our attorney, our administrator, did not recommend
moving forward with this actual ordinance?
Absolutely. I understand that we’ve got some fine
tuning to do on that. Should we have went back and
changed it to a resolution? I don’t know. I’ve got
some questions on that. I think we probably
created more of a mess than we fixed one. I think there was
good intentions there. But I think we created more of
a mess than what we was trying to fix. Because
reality -- anyone that knows a resolution is not worth
the paper it’s written on. It is nothing more than
opinion of the body, which is the county council in
this case. So it’s nothing more than saying that this
is our opinion, we support the Second Amendment.
Guys, y’all can say that. It’s nothing more than a
statement. So we truly have not fixed the problem.

The problem we’ve got across this nation is people
are fighting to take away the Second Amendment rights.
Plain and simple. We can sugar coat it. We can call
it red flag. We can call it all these different
topics, all these different bills that's trying to be passed. At the end of the day that's what they're trying to do. And I'm sorry, I was raised to protect those rights. And I continue to do so this day.

One thing that I really -- and I'm going to piggyback off of Ms. Floyd. She made a statement that she didn't get no phone calls. Guys, I've been very involved in this. Very involved in it. And I've only received a handful of calls. But yet every day I hear criticism of the people that you elected to serve you -- notice I said serve you -- I hear criticism of them not supporting you; them not supporting your rights.

I know for a fact, because I've had the communication because, guys, the way it works I know I've got to have four people supporting this. Three others, counting myself, to move forward. It would be foolish for me to present something not having that support. It would be unfair to you guys for me to present something before I gained that support and understanding of what I'm presenting. But yet the criticism is there that the council does not support the Second Amendment.

Guys, I'm not going to sit up here and defend any of them. But I've spoken to multiple council members that I know for a fact supports the Second Amendment. But guess what, they don't represent me. They represent their districts, which I'm sure is represented here tonight. All you guys are not from District 3. I'm sure we've got a cast from all seven districts.

Reach out to your council members. Be professional about it. Stress your concerns. And let's come to a conclusion on how we can fix this. It's not a matter of Anderson County being the first county to create an ordinance supporting the Second Amendment. The matter is we are the first county to submit an ordinance and pass it that sets precedence across this state of South Carolina. We've got to do it and we've got to do it right.

Guys, I rely on this gentleman right here. He's the county attorney. We don't all have individual attorneys. We have a county attorney that recommends the dos and don'ts. He don't recommend what we support. He recommends what the law will allow us to do. He is very unbiased on that. But we've got to move forward. This going back and forth is not creating anything but a fiasco in our county.

The best thing about tonight is seeing the crowd that we have tonight to a council meeting. And I mean it's great it's for this cause. I just wish I had
seen this crowd every meeting. Because normally it’s just a handful. And guys, we cover so many important topics each and every meeting that truly affects you every day of your life; whether it’s financially, whether it’s benefits or opportunities for your families, for your children, for your grandchildren, for you; every bit of it, guys. It’s decided right here in this room through these servants that’s here to serve you. I’m sorry. I’m just trying to make sure -- I’m looking over my notes to make sure I cover everything. In a nutshell, I do support the Second Amendment. There was a meeting this morning. I was notified after the meeting that it was basically I guess an unofficial agreement on how we can move forward with a committee and basically -- you cannot meet with a group like this and come up with a presentation. Guys, it doesn’t work. It does not work. But it was my understanding we was going to basically allow the group to choose I think four people that’s going to be two council members, the county attorney and was it the county administrator? Tommy Dunn: Sheriff. Ray Graham: The sheriff. Someone from the sheriff’s department was going to be on that committee to bring back a recommendation. I don’t know where we stand tonight because I’ll be honest, I don’t support the resolution because I think it’s basically kind of watered down and it’s not going to serve our purpose. But in that we was going to put forth an amendment to form the committee. So I’m a little concerned with tabling this because if we table it are we still going to do the committee? Are we going to go back and leave this room tonight that all you have took your time to come up here, are we going to leave the room tonight with not one God durn thing solved? You know, everything is still in limbo. Everybody is going to go back out there and get on Facebook world and start bashing everybody. It’s not going to solve one thing. I encourage you to run for my seat. And that’s not my -- that is definitely not me being arrogant. That’s me encouraging you to get involved in your community to serve. Okay? That’s what it’s about.

Ray Graham: At the end of the day when we leave tonight we need to have some type of plan in place. And I hope somehow we can do that. Because there’s guidelines. If we table this, it kind of ties our hands on that. So we need to think about
what our next move is.
Again, I truly appreciate all y'all's comments tonight. My number is readily available. I own Cam's café in Iva. You can call down there, they'll give you my cell phone. Or you can look it up. I'm telling you, my number is readily available to anybody. I encourage you to call me. But don't tell somebody my opinion if it's not the opinion I gave you. That's all I ask. Be fair to me on that and I promise you, I'll continue to serve you.

Thank you, Mr. Chairman.

TOMMY DUNN: Thank you, Mr. Chairman.

CINDY WILSON: Thank you, Mr. Chairman. And thank you all for coming tonight. When Mr. Jones called me about three or four weeks ago, I told him that I doubted there would be a single person up here who would be opposed to the Second Amendment. But language on a written resolution or ordinance might be something that we had to (end of audio 2.1). And I cannot really improve on what my fellow council members have said tonight. I did get a phone call right before lunch from our Chairman Dunn that there had been a meeting earlier today that involved trying to set up a program to get a proper ordinance. The language was indeed an issue here.

I hope you will all come back again and again. You can't have representation if we don't hear from you. And we do covet your prayers and your input. In fact, I hope you'll wait till the end of the meeting to leave because there's some more important stuff for us to cover.

I don't -- I bet none of you knew that our county came out of the great recession, which is probably the biggest depression of our lifetimes, top ten in the nation for economic development. And that was with having the most corrupt local government in our history that had just been voted out and new council put in place. There was even a debt service payment of half a million dollars that we didn't even know we had. There were millions of dollars in obligations that nobody knew. This is the most transparent, responsive county council that we know of. Our county sheriff had done more in his short tenure than any of our prior sheriffs, in my knowledge. So I think that it speaks well to the transparency and the teamwork of this county at every level. And I hope you will all come back and participate. Many of us have town hall meetings around our districts and you would be so welcome. And you know you're welcome to call me or any of our
fellow council members any time you have a question. And I hope you’ll do that. And I hope I’ll see you back at the next meeting. Thank you.

TOMMY DUNN: Thank you, Ms. Wilson. At this time I’d like to say one last thing before I put a motion on the floor. I’d like to echo what Mr. Sanders said. I don’t mind -- I’m a big boy. I can take the insults people enjoy doing on social media. I got in politics. That’s expected. Mr. Harmon don’t deserve that. I can tell you first hand he’s a good, conservative republican and he’s doing what’s right for the law. So to try to bully him -- I’m not going to be bullied. But to try to bully Mr. Harmon and going into name-calling, there’s no place for that. I hope we’ve learned a lesson and we’re better than that. We might disagree on some things, but let’s be civil.

Now, my motion is to table the resolution tonight and to come back no later than the first meeting in April with an ordinance. I put that in the form of a motion.

CINDY WILSON: Second.

TOMMY DUNN: Second Ms. Wilson. All in favor of the motion show of hands.

RAY GRAHAM: Mr. Chairman?

TOMMY DUNN: What?

RAY GRAHAM: (Inaudible.)

TOMMY DUNN: My motion is to table this resolution tonight and to come back no later than the first meeting in April. I said no later. We’ve got to have time to work something out. If we can get it done the first of March -- I mean the next meeting, we will. But I don’t want to tell you that we’re going to do this in the first meeting -- do it by the second meeting in March and not be able to do it. Then we’ll be accused as a bunch of liars. I’m trying to give us a little time to work with. Okay? Now to come back with an ordinance by the second week -- I’m sorry -- by the first meeting in April. That is a motion to table, non-debatable, no discussion. That’s Robert’s Rules of Order. Do I have a second? Second Mr. Sanders.

RAY GRAHAM: (Inaudible) amended at all?

TOMMY DUNN: Not that. It’s not an amendable motion. All in favor of the motion show of hands. All opposed. Show the motion carries with Mr. Davis, Mr. Sanders, Ms. Floyd, Mr. Dunn, Ms. Wilson in favor. Mr. Graham opposes.

CINDY WILSON: Mr. Graham, would you
ask for a personal privilege to explain?
RAY GRAHAM: Yes.
TOMMY DUNN: Go ahead.
RAY GRAHAM: And this is some unchartered waters so I'm actually asking what do we need to do to make this happen? I understand we cannot bring forth in name only the ordinance with the agenda. And I'm explaining this to the citizens because I'm not sure if you guys know. We cannot add that to the agenda tonight.
TOMMY DUNN: Right.
RAY GRAHAM: It's just part of our rules is we have to give a twenty-four hour notice. Can I make a recommendation that this is placed on the agenda of the next meeting that we have in name only and we still go forth with the committee that Chairman Dunn and Vice Chairman Sanders had kind of discussed this morning with the meeting of the group?
TOMMY DUNN: I have every intention of putting a committee together; two council members, the sheriff, citizens, to get this done.
RAY GRAHAM: Okay. So is it going to be on the agenda next meeting?
TOMMY DUNN: That's up to y'all. I'm telling you I'd rather have something somebody can look at because when you do something in title only on something like this, to me that can be just like a resolution, got no teeth in it. This way they can see it. And if we can get it done by the next meeting, you know, it'll be on there. But by no later than the second meeting -- I'm sorry -- the first meeting in April. This gives us a little bit of time in case we don't. We've got to get people together and sit down and -- this ain't going to be done, I don't think, in one meeting. It's going to take several meetings to get stuff worked out and get agreed on. But it will happen.
RAY GRAHAM: Mr. Chairman?
TOMMY DUNN: Yes, sir.
RAY GRAHAM: With all due respect, and I understand that, but we've also done on important topics before in name only and originally this was brought forth by a council member, which was myself and also Councilman Wooten, as an ordinance. I got the notification last week that it was changed to a resolution. And again, with all due respect, I understand why. But the citizens -- I mean I don't want to rush this, but I do want to show that we're doing what we're supposed to do.
TOMMY DUNN: You ain't got to make
no motion or nothing. As a councilman it's your God-
given right to put it on the agenda next meeting in
title only. That's up to you.

RAY GRAHAM: Well, yes, sir, I did
on the resolution in the past --

TOMMY DUNN: Any councilman can do
that.

RAY GRAHAM: I know. And I did on
the ordinance in the past and it was changed to a
resolution the day before the agenda. So I guess what
I'm saying is I want to make sure that we are moving
forward and working diligently not to pass an
ordinance, but to pass an ordinance that's going to
protect the county and its citizens. It's a very thin
line there, but we want to make sure we do it the
right way.

APPLAUSE

TOMMY DUNN: I think my -- I think
our motion is pretty -- we're going to do something
another. But like I said, next council meeting you've
got every right to do something if you want to put it
on there.

BRETT SANDERS: Mr. Chairman?

TOMMY DUNN: Yes, sir, Mr. Sanders.

BRETT SANDERS: I would like to -- I'm
speaking into it. I understand where Mr. Graham is
coming from. And if he wants to put it on the agenda
I will support that. I'm not -- I understand what we
have. I know that he and -- I hate that --

TOMMY DUNN: Mr. Wooten?

BRETT SANDERS: --- is not here today.

But I know they've worked hard on it, and I think with
the effort that they put in, if they could get
something worked out, I'd be more than happy to try
and help and support Mr. Graham and you, as well, in
this motion.

TOMMY DUNN: Appreciate it.

Moving on, item number 10, Public Safety.
You putting that in a motion?

RAY GRAHAM: I thought we were
voting on your ---

TOMMY DUNN: I thought we voted on
it. Yeah, we've done voted on it. Didn't we vote on
it?

JIMMY DAVIS: We voted on tabling and

---

TOMMY DUNN: Yeah, we voted on
tabling it in my motion. We voted on that.

CINDY WILSON: We voted to table and
then Mr. Graham had a point of personal privilege
requesting ---

TOMMY DUNN: He just discussed it.

He’s out the ---

CINDY WILSON: --- to put it on the

next agenda.

TOMMY DUNN: We voted on that.

JIMMY DAVIS: We did.

TOMMY DUNN: Moving on now to item

number 10, Public Safety Update on Dispatch. Mr.

Graham.

MALE: (Inaudible.)

TOMMY DUNN: No, sir. No, no. No.

It’s going to be on the next thing. He’s got a right
to put it on there, sir. This is over. We’re moving
on.

MALE: (Inaudible.)

TOMMY DUNN: No, sir. This is a
council meeting. We’ll be here after the meeting and
be glad to talk -- fellow, sit down.

MALE: Don’t tell me to sit
down.

TOMMY DUNN: Where’s security at?

RAY GRAHAM: Thank you, Mr.

Chairman.

TOMMY DUNN: Moving on to Public

Safety ---

MALE: (Inaudible.)

TOMMY DUNN: No, sir, you’re not a
member of this body. We’ve tried to get through this
thing. Like I said, any of us will be here after this
meeting is over to talk about it. We’ve got to move
on with the people’s business.

MALE: (Inaudible.)

TOMMY DUNN: Yes, sir. Yes, you
are. This is it. Moving on.

RAY GRAHAM: Mr. Chairman, as far as

Public Safety Update on Dispatch -- Ms. Becky, I’m not
sure if council will have any questions for you guys,
but if y’all want to step on up just in case.

This does not come forth in the form of a
recommendation from Public Safety. We did discuss
this. We did not vote on it. And we’ve talked since
then and we just feel like we need to bring it before
full council. More so of an update and seeking the
support of full council on what dispatch is doing.

As far as -- we have had major, major issues with
the EMD cards, which is basically the cards that’s
utilized when an EMS call comes in, it basically helps
the dispatcher determine what the need is, you know,
what true service is that individual needing at the
time. Is it an emergency where they’ve got to run lights and sirens? Is it something that we can put as, you know, no lights and sirens and just mainly just come out more of a welfare check, well-being check, stumped toe, something along that lines or is it something more critical as far as heart attack that could cause death or something along that lines. With that being said, Becky -- excuse me, I apologize -- Ms. Carter and her staff has worked diligently on basically determining what is the next step? Fortunately for Anderson County, they have had experience working in the two options that we have working with those individuals. After checking pricing and looking at different options as far as what would truly serve the needs of Anderson County the most, they basically came back with a recommendation of AVCO basically in a sense rewriting the cards to help identify and label the true emergencies versus the more of the stumped toe or what type of priority the actual call is. In doing so, we can do that system for about forty-eight -- forty-six, forty-eight thousand, I think, versus the other system which would be an upgrade of two hundred and something thousand dollars. Another difference on it, the other system they actually have to come in and train each and every time we get a new employee. This system that we’re working on here, our staff can do the annual updates and also train the new employees. So basically with the knowledge and the abilities that they already have in place, they’re going to save the county a fortune and we’re going to get the same bang for the buck where basically it’s really less than a fourth of the cost of the other option. With that being said, I mean they’re definitely here to answer any questions. I know the Public Safety Committee is familiar with this because we have had multiple talks on it. And I don’t want to say it’s part of the reason our EMS system is failing, but it’s definitely causing a tremendous taxation on the system of us basically running out of ambulances because that ambulance is really going out to transport someone that’s, you know, had a head cold for two weeks and all of a sudden wants to go to the hospital tonight versus that same ambulance going and answering that call for the heart attack patient that needs to be at the hospital ten minutes. So basically it’s going to reduce the taxation on the system and hopefully allow our contractors and our providers to provide better service to our citizens.
Again, I bring this forth in the form of a motion. Mr. Chairman, we will need a second because, again, we did not vote to bring forth this.

CINDY WILSON: Can you repeat that?

TOMMY DUNN: We have a motion from

CINDY WILSON: Can you repeat your motion, please?

RAY GRAHAM: Basically the motion is that we move forward with basically the upgrading of AVCO. It’s going to cost forty something thousand dollars. The money is actually in their budget. We knew we were going to have to do this. We just really didn’t know what route. The purpose of this tonight is really to show the support for our staff and dispatch that literally is normally on the back burner and don’t get the recognition that they so well deserve. It’s basically showing that we support them on the decision they’re making and moving forward in improving our system.

CINDY WILSON: Thank you.

TOMMY DUNN: Mr. Graham. And I think Mr. Davis seconded it?

JIMMY DAVIS: Yes, sir.

TOMMY DUNN: Any discussion?

JIMMY DAVIS: Mr. Chair?

TOMMY DUNN: Yes, sir, Mr. Davis.

JIMMY DAVIS: I just want to make a quick note and I thank all of you for all that you do. (Inaudible). I can’t imagine the daily ins and outs of what you do and we appreciate it, this council. This effort you’re putting forth is great. And there’s a lot of hidden savings in there. I can tell you without a shadow of a doubt probably in excess of (inaudible) dollars. I’m just applauding the work of everyone here. And I thank you for all that you do, the whole team. I look forward (inaudible). Thank you, Mr. Chair.

TOMMY DUNN: Thank you, Mr. Davis.

Anyone else? I, too, want to echo and appreciate the job everybody has done in working on this. I think it’s going to make the dispatcher job a little bit more easier and make it better for our citizens of Anderson County. We appreciate what all y’all do out there.

All in favor of the motion show of hands. Opposed like sign. Show the motion carries unanimously.

Again, thank y’all.

RAY GRAHAM: Thank you, Mr. Chairman.
TOMMY DUNN: Thank you.

Moving on now to item number 11, report from the Planning and Public Works meeting held Wednesday, February 19, Chairman Wilson. Ms. Wilson.

CINDY WILSON: Thank you, Mr. Chairman. Our committee provided a review and discussion of several issues with no votes taken. The first item was the current state of recycling volumes, pricing and changes in the handling of recyclables. There is no market for co-mingle. The county has to either separate or dispose. Starting in 2016-17, China quit accepting dirty and co-mingled recyclables. Mr. Smith, our Solid Waste Director, informed us that metal and plastic prices had improved slightly and paper was down, reminding us that the most important part of recycling in our county is that what is recycled does not have to be disposed of in the landfill at twenty-three dollars and ninety cents per ton. And I’m requesting our council members to please review the recycling revenue handout that we received recently for greater detail.

The next issue was that of the Anderson Regional Landfill and South Carolina DHEC have requested another hundred thousand tons of added capacity to the fifty thousand tons that the county had already approved. This will require a public hearing, which since our discussion, has been set for 31 March at Cedar Grove Elementary School in the Cheddar Community at 6:30 p.m. to be conducted by South Carolina DHEC and will include a South Carolina DHEC presentation of their oversight of the Kinder-Morgan spill. That was half a million gallons, by the way, of fuel that spilled. It was noted that the host fee paid to the county by the Anderson Regional Landfill has increased. However, more volume of trash going to the landfill bringing more host fee results in a shorter life span for the landfill. Anderson Regional Landfill representatives have indicated that they are seeking to purchase more land to expand their footprint in the community.

TOMMY DUNN: I’m sorry. Hold on.

Go ahead, Ms. Wilson.

CINDY WILSON: Thank you. Complaints regarding the powerful methane gas stench in the community and all the way into Williamston have continued unabated. The Anderson Regional Landfill is trying to replace lines and add eight more wells, but the bad weather has stopped their work.

Next we were informed that any moratorium on large
scale projects would have to be oriented toward
general health and welfare for the public. There have
been thousands of new home sites developed in northern
Anderson County in the last few years, exacerbating
the county’s problems in keeping up with road
improvements required by the tremendous increase in
traffic. More developments are in the planning stages
now. School District 1 representatives were in
attendance and pointed out that they have in place a
hundred and nine million dollar bond to build and
improve facilities that will accommodate growth in
their district at one to two percent per year for the
next ten years, but not for the deluge of hundreds
more homes and more children. Our volunteer fire
departments are absolutely stretched thin. EMS
services are experiencing difficulty negotiating extra
traffic and requiring more personnel, equipment and
trucks. And you just heard from our dispatch, they’re
overwhelmed with additional calls, too, right now.
Even the ReWa, which now is in charge of providing
sewer to that part of the county will have to expand
also.

Our state mandated Planning Commission is
performing very well in their function of lawfully
taking into consideration these and other elements and
determining to recommend approval for the development
proposals coming before them.

Our committee next examined the capital
improvements and capital maintenance planning list for
which the Planning Commission has already conducted a
public hearing and forwarded on to our county council.
The capital improvement planning CIP process is a
strategic long range planning and financial tool.
Each year the Planning Department requests all county
departments to identify capital improvement projects
of ten thousand dollars or more. The Planning
Department compiles the information and forwards to
the Planning Commission, County Council, the
Administrator and Finance. The CIP process is
beneficial to our county departments in several ways.
It helps departments foresee large expenditures,
allowing time to better manage their workloads and
planning time tables for large projects.
Finally the CIP can enable coordination of
projects among departments so as to avoid piecemeal
improvements and duplication of expenses. Overall the
CIP process can help the county departments maintain
their continuity to service to the greatest benefit of
our citizens and into the future.

Also included here as part of the overall CIP is
the capital maintenance plan, CMP, which focuses on
the maintenance and replacement of current assets so
these needs can be addressed in a timely and
coordinated manner.

This is also a state mandated requirement and must
be incorporated into our annual budget. Our committee
had many questions for which there will be answers
provided and further discussions at the next scheduled
Planning and Public Works Committee meeting on 9 March
at 1:30. And y’all are all invited to come.

At that meeting our Waste Water Division Director
will be providing plans and updates that are also part
of the CIP.

Do my fellow council members have any additions to
this report?

GRACIE FLOYD: Mr. Chairman?
TOMMY DUNN: Yes, ma’am.
GRACIE FLOYD: I don’t have an
addition, but I would like to have the minutes.
CINDY WILSON: The minutes are being
written now and they will be approved at the meeting
on the 9th. And they’ll be incorporated.

Thank you, Mr. Chairman, and all who participated.

Thank you.

TOMMY DUNN: Thank you, Chairman
Wilson. Appreciate the report.

Moving on -- number 12 has been pulled; that’s
executive session for legal matters. That’s not ready
to move forward.

Does anyone have any appointments I don’t know
about?

Hearing none, we’ll go on to requests by council
members. Mr. Davis.

JIMMY DAVIS: Thank you, Mr. Chair.
I just have one. From the District 6 recreation
account, I’d like to appropriate three hundred and
fifty dollars to Shalom House Ministries,
Incorporated. I make that in the form of a motion.

TOMMY DUNN: We have a motion Mr.
Davis. Do we have a second.

CINDY WILSON: Second.

TOMMY DUNN: Second Ms. Wilson. Any
discussion? All in favor of the motion show of hands.

Opposed like sign. Show the motion carries
unanimously. Anything else, Mr. Davis?

JIMMY DAVIS: No, sir. Thank you.

TOMMY DUNN: Mr. Sanders?

BRETT SANDERS: Yes, sir, I have two.

I would like to distribute funds from my rec account
in the amount of five hundred to VMD Scholarship
Fund/Crappie USA. Also, Shalom House Ministries, five hundred, as well, sir.

TOMMY DUNN: We have a motion by Mr. Sanders. Do we have a second.

CINDY WILSON: Second.

TOMMY DUNN: Second Ms. Wilson. Any discussion? All in favor of the motion show of hands. Opposed like sign. Show the motion carries unanimously. Anything else, Mr. Sanders?

BRETT SANDERS: No, sir.

TOMMY DUNN: Ms. Floyd, you ready or do you want me to move on?

GRACIE FLOYD: No, I'm ready. I'm ready. But I didn't get anything from the Shalom House. Is that apart of the VMD Scholarship Fund?

TOMMY DUNN: No, ma'am, that's something that just come up, an emergency, but they got all their paperwork, so they asked to get their ---

GRACIE FLOYD: I'm looking for the Shalom thing, but I didn't ---

TOMMY DUNN: That's what I'm talking about. I think it was on our desk tonight. I had it here somewhere another. They had an emergency come up with sewer, my understanding. But it wasn't in there.

JIMMY DAVIS: Their sewer collapsed.

TOMMY DUNN: That's it, Ms. Floyd.

Do you see it?

GRACIE FLOYD: No, sir. I'm going to do -- I'm going to allocate five thousand dollars to the Men at Work. Every year about this time they plan an educational trip for the youth that they're responsible for. It's a skill development program, excuse me. I put that in the form of a motion.

TOMMY DUNN: Have a motion Ms. Floyd. Have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second Mr. Davis. Any discussion? All in favor of the motion show of hands. Opposed like sign. Show the motion carries unanimously. Ms. Floyd?

GRACIE FLOYD: Now the other thing, I did not get a copy of it. District 2 doesn't give out funds unless I have sat down and talked with the person. And I'm sure that's appreciated because we get calls for funds for money, all the time. But District 2 is in the habit of talking to the people, finding out what the funds are for, finding out if they have the credentials to do this. But I'm a little disappointed in that last one. Who was it?
Shalom House, yeah. But that's all I have today.

TOMMY DUNN: Thank you.

Mr. Graham?

RAY GRAHAM: Thank you, Mr. Chairman. I'd like to make a motion for five hundred dollars toward Shalom House Ministries. They are in my district, District 3. They're very active; do a lot of good for the entire county for members, citizens throughout the county. No particular district. They have been in operation for quite sometime and just does tremendous work. So I'd like to present five hundred dollars from my rec fund on that.

TOMMY DUNN: Have a motion by Mr. Graham. Have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second Mr. Davis. Any discussion? All in favor of the motion show of hands. Opposed like sign. Motion carries unanimously.

Anything else, Mr. Graham?

Ms. Wilson.

CINDY WILSON: Thank you, Mr. Chairman. District 7, likewise, would like to appropriate five hundred dollars to Shalom House. They come before us every year. And we do have requirements now that any beneficiary of an appropriation has to report back to council as to how the funds were used and make sure it was all done properly. Thank you.

TOMMY DUNN: We have a motion by Ms. Wilson. Do we have a second?

JIMMY DAVIS: Second.

TOMMY DUNN: Second Mr. Sanders. Any discussion? All in favor of the motion show of hands. Show the motion carries unanimously.

I make a motion for five hundred dollars for the VMD Scholarship Fund for Crappie USA and a thousand dollars to the Shalom House. Put that in the form of a motion.

CINDY WILSON: Second.

JIMMY DAVIS: I was getting a little ahead of myself.

TOMMY DUNN: Thank you.

Moving on now to Administrator's Report.

RUSTY BURNS: Nothing at this time, Mr. Chairman.
TOMMY DUNN: Now moving on to citizens comments. When Mr. Harmon calls your name, please address the chair. You've got three minutes.

Mr. Harmon.

LEON HARMON: Mr. Chairman, first speaker is Elizabeth Fant.

JIMMY DAVIS: Speak up.

TOMMY DUNN: Mr. Burns, see if that -- there it goes.

ELIZABETH FANT: Elizabeth Fant, District 3. I hope some of you have -- that have come tonight have realized that it's more than a one-issue thing that goes on here. A lot of information that came over tonight. You can go on the Anderson County website and you can look and get this whole packet that I have. It tells you what the agenda is going to be, the minutes, and all of that. You can do that.

The report from the Planning Committee, there were several issues there that are relevant. One, I went to a trash talk meeting in Greenville. They actually named Anderson County as having some severe problems. One is the VIVA recycling. Did you know they had a big fire this week that DHEC is not doing their due diligence to make them clean that up. DHEC is not doing their due diligence to help get the Kinder-Morgan thing cleaned up.

Also in this packet tonight, Ms. Wilson was talking about some of the proposed ways that the money that you're taxed for is going to -- really this is one that has to be looked through. Big stuff there.

The ordinance or the bill that Brian White and so forth has written, it's a beginning. But I see in here a problem. And that is that there is no way to keep the Federal government from taxing you. They say you can have these things. You can have firearms, you can have the Amendments. You can have the so-forth. But if the Federal government decides to tax you five hundred dollars on every case of ammunition what good is it to want to have a gun if you haven’t got anything to shoot. So there's some problems with that.

I do want to address last week. Today we started our meeting at 6:32, which is fine. Want to get everybody settled. But the Chairman didn’t seem to want to realize last week that we started early, which I mentioned because I didn’t get to sign my name. We had actually done the pledge and the prayer and I turned around and looked at the clock and the long hand was just on the six, which means we had started...
early. I don’t like it when I say these thing. I
don’t make them up. And the Chairman always has to
come back with some kind of thing. Sometimes, Mr.
Dunn, you are wrong. It behooves the council to want
to have people to come speak. And I happen to be one
of those people. But to get that kind of response
really makes me both angry ---

LEON HARMON: Time, Mr. Chairman.
ELIZABETH FANT: --- and sad.
TOMMY DUNN: Thank you, Mr. Harmon.

Next?
LEON HARMON: Next speaker is Randy
Jones.

RANDY JONES: Again, my name is Randy
Jones. I’m from District 7.

I just want to thank the council for what you’re
doing for us. I do want to apologize for Ms. Floyd,
too, as well, because she was the one person that I
haven’t had a chance to speak with personally, but I
will get with you because I think it is important to
understand more about what our Second Amendment is,
what being a Second Amendment sanctuary county for us
as citizens.

I do want to -- I think we’re headed in the right
direction. I think it didn’t transpire exactly like I
was anticipating from our meeting earlier today. But
I do think that if we get to an ordinance at the next
meeting that we can work on, I’ll be glad to do what I
can as a citizen of Anderson County and my information
from South Carolina Carry to help work on that as a
group. You’ve got my support in trying to make that
happen.

It is important for me for us to do it the right
way. I agree with your comments there. So we want to
make sure that we have an ordinance that’s good for
everybody. What’s good for our county should be good
for the citizens of Anderson County, as well. That’s
been my desire the whole time for being involved in
this. You can be assured that I’m going to do
everything I can to support the group that’s here
today. I appreciate all the people that spoke up. I
think they really let their voice be heard with what
they think about trying to get an ordinance
(inaudible). I support that.

TOMMY DUNN: Mr. Harmon?
LEON HARMON: Next speaker is Brent
Powell.

BRENT POWELL: As to my point of

clarity earlier, according to Roberts Rules of Order,
I’m going to take my three minutes to ask that now.
There is still some confusion about what was actually done on number 9 earlier.

Chairman, you had a motion to table it. There was some motions to second that. Then he asked what was going on. And then he had a motion to not table it but to put an ordinance name at the next meeting. Then there was some yada yada yada. And then nobody heard anything after that. You closed it out. Shut everything down. So I’m wondering what actually happened so that there is no this, that and the other. I want to know exactly what happened at the end of that where we know where we’re at now.

TOMMY DUNN: I’ll address that in my closing comments. This is not a back and forth; you ask questions to council. That’s in our ordinance. But I’ll be glad to address that in my closing comments.

BRENT POWELL: All right. Can you do it now during my three minutes?

TOMMY DUNN: No.

BRENT POWELL: Why not?

TOMMY DUNN: I just told you. Our ordinance don’t allow a back and forth. It’s not that way. But I’ll be glad to -- in my closing comments ---

BRENT POWELL: Well, I would like to go on record as saying that I’m not being opposing to you, I’m not being confrontational; I just have some serious questions. So I understand you might be having a bad day or a bad evening ---

TOMMY DUNN: No.

CINDY WILSON: Our ordinance ---

BRENT POWELL: But there’s some tension there that I don’t think necessarily needs to be there. There was some miscommunications all throughout the day between the ordinance not being done, a resolution getting thrown out. The world wonders why there’s so many conspiracy theories. It’s because there’s no communication.

So what we need to know is just where we stand; where you guys stand, so that there is no more miscommunication. I was clarified by what was said tonight. I’ve been encouraged by what was said tonight. Because I did not know that the ordination (verbatim) was still being looked at by the attorney. The only information that was thrown out to everybody that we know in the Facebook world is that the ordination (verbatim) was unconstitutional and it was thrown out and we get this watered down resolution.

So what I’m just asking for is so that when I go home
tonight that my wife asks me what happened; you didn’t
go to jail, did you? I’m like, no, I didn’t go to
to jail. So I can explain to her what happened; where
we’re at right now. That’s all.

TOMMY DUNN: Mr. Harmon?

LEON HARMON: No one else is signed

up, Mr. Chairman.

TOMMY DUNN: Thank you.

Now comments from council members. Ms. Wilson.

CINDY WILSON: Thank you, Mr.

Chairman. And I definitely want to thank everyone
here tonight.

Our ordinance governing the meeting format is such
-- is what Mr. Chairman was trying to explain. We
don’t have a back and forth conversation during
citizen comments. But I’m hoping that we can all take
our conversations and discussions tonight and go
forward with a far greater participation in your local
government.

Your local government, in the form of school
boards and your county council and your town council,
that’s where the rubber really hits the road locally.
We probably have more jurisdiction or authority over
your lives than the Federal government. So it’s very
important that we have greater participation...

For example, your school boards -- your school
districts take about seventy to seventy-five percent
of your tax dollar. Did you know that? The county
doesn’t get quite as much and we try to work really
hard up here together and with y’all to be the best
stewards of your tax dollars.

We do have some issues with South Carolina DHEC.
You’re most cordially invited to the Cheddar Community
the 31st of March to hear what South Carolina DHEC has
to say for themselves. We’ll be very professional but
very adamant in requiring greater attention to the
environment that our citizens have to live in over
there that we all have to pay for.

So thank you for coming tonight. We’ll be working
hard on this ordinance. And I’m looking forward to
seeing and hearing a great deal more from all of you.

Thank you.

TOMMY DUNN: Thank you, Ms. Wilson.

Mr. Graham.

RAY GRAHAM: Thank you, Mr.

Chairman. First of all, I would definitely like to
commend Anderson County fire service for their
tireless efforts of bringing the -- noted the fire
that we’ve had under control. It was -- I know it was
a long several days out there for those guys and
girls. And also the county departments that assisted. I know Homeland Park was out there, very instrumental with it. And also multiple employees throughout the county; EOC, sheriff’s department. I mean the list just goes on and on. Dispatch, I’m sure y’all was bombarded with multiple calls from it, as well.

The county has been working tirelessly on trying to get that mess, and that’s exactly what it is, cleaned up. Hopefully this will bring some more attention and hopefully we can get it cleaned up and get that just disgusting look out from the community. But again, just wanted to commend the fire service for all their hard work over the several days that went on.

The other thing is just back on the Second Amendment. And again, I don’t want to beat a dead horse, but Ms. Croegaart, if you could make a note; I would like that to be placed on the agenda. I just want to let that be on the record that I am requesting that. I am also requesting Chairman Dunn if you would continue on with the committee and definitely support you a hundred percent on doing that. And my hope there is again that that committee will be able to collectively come across with a solution to bring back to full council to move forward with this.

Again, I cannot stress enough, it’s not that we put that ordinance in place. It’s that we put the right ordinance in place. I assure you, I’m not trying to drag it out, but I do want it to be the right thing. I do want to make sure that when we put that in place we are the leader in the state because we took the right action.

I can say honestly tonight, and I feel like the other council members can, as well, your voices have been heard. Continue the fight. Do it the right way. Do it the professional way. Let’s come together and let’s make Anderson County better.

Mr. Chairman, that’s all I’ve got. I do appreciate it. Thank you.

TOMMY DUNN: Thank you, Mr. Graham.

Ms. Floyd.

GRACIE FLOYD: Mr. Chairman, I was looking through the minutes from the last meeting and maybe I missed it, if I did will somebody please call me, that I didn’t see the fact that there was an ordinance about this thing in the last meeting.

TOMMY DUNN: No, there wasn’t; not on the agenda.

GRACIE FLOYD: Yeah, I didn’t see that where it was even proposed. So I was wondering why it
changed. But see, there was no agreement, no vote, no
nothing, then ---

TOMMY DUNN: It wasn’t on the
agenda.

GRACIE FLOYD: Yeah, you was right to
have this time to change it.

Okay. We had a community meeting on Thursday last
week in the fire department at Homeland Park. This
meeting was to try to get the information together
because we are writing a grant for -- is Mr. Newton
still here? Okay. We are writing a grant. I think
that grant is three hundred and fifty thousand dollars
for District 2, Homeland Park area, so we can tear
down those houses and we can clean up some areas
around there. So we worked to do that. We will be
having some more meetings. Is anybody from Homeland
Park in here now? Okay. Good. District 2. Let me
put that in there; okay. District 2 Homeland Park.
All right. But we are compiling the problems in that
area so it can be written into the grant so hopefully
we can get some money.

I know what the Second Amendment means. I
honestly do. I am a law abiding person. And before I
armed myself, I found out that I could, according to
the ... So I would love to talk to you, Mr. Jones,
about the other things. And the other things are
what’s the -- like I told you earlier, there was four
different -- four different things that I got when I
asked the question what is this about? There was four
different. So if you and I could talk about it and
see just -- and get it down to one so I can know what
I’m going to vote for or what I’m going to vote
against, I would appreciate knowing that.

It’s been a long night and it was good to see
y’all. Come back. And maybe we can work together in
understanding the county council meeting system.
Okay? Because we’ve had this system for as long as I
can remember and I’ve been in here twenty-eight years.

Thank you.

TOMMY DUNN: Thank you. Mr.
Sanders. Thank you, Mr. Sanders. Mr. Davis.

JIMMY DAVIS: Just one real quick.

We do have by our ordinances which are set long before
I ever got voted in; not that long ago, but of how we
have to have meeting. And until we, as a council,
change those ordinances, that’s how we have to go
about it. It’s our rules of conduct here. It’s our
rules of behavior. And we try to adhere to it. And
you know, I invite all of you back. This is a great
piece of your local government. What we do here has
impact on your life. And we take it very, very
seriously; every single one of us. We all come from
different backgrounds and different career choices,
but we take it very, very seriously. Anybody that
sits up here that doesn’t is not here very long. But
I take this position with great reverence.
And I appreciate you being here tonight. We
invite you back again. Thank you, Mr. Chair.
TOMMY DUNN: Thank you, Mr. Davis.
Just real shortly to answer this gentleman’s
question back here in the back, what transpired	onight, the resolution was tabled with the amendment
to it that no later than the first meeting in April
we’ll have an ordinance written. Mr. Graham is asking
for a title only on the next council agenda.
Hopefully we can have something by next council
meeting wrote. The reason again it looks a little bit
plain because if I tell you we’ll have something in
writing and we don’t, then we’re all a bunch of liars.
We’re just trying to give us time to get something
worked out. It’s a little bit of a complex issue, but
we’re going to get started on it and there will be a
committee.
Thank y’all very much for coming out.

ORDINANCE NO. 2020-008

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES, ANDERSON COUNTY SOUTH CAROLINA, BY ADDING ARTICLE X TO CHAPTER 42 TITLED SECOND AMENDMENT PROTECTION; AND OTHER MATTERS RELATED THERETO.

WHEREAS, the Second Amendment to the Constitution of the United States provides that “[a] well-regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed.”;

WHEREAS, the Fourth Amendment to the Constitution of the United States provides in part, that “[t]he right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated” and this amendment has been made applicable to the states through the due process clause of the Fourteenth Amendment to the Constitution of the United States by Mapp v. Ohio, 367 U.S. 643 (1961).

WHEREAS, the Ninth Amendment to the Constitution of the United States provides that “[t]he enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.”

WHEREAS, The Tenth Amendment to the Constitution of the United States provides that “[t]he powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people.”;

WHEREAS, Article I, Section 20 of the South Carolina Constitution provides, in part, that “[a] well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed.”;

WHEREAS, the United States Supreme Court has ruled in the District of Columbia v. Heller, 554 U.S. 570 (2008) that the Second Amendment to the United States Constitution protects the right to keep and bear arms for the purpose of self-defense and struck down a District of Columbia law that banned the possession of handguns in the home;

WHEREAS, District of Columbia vs. Heller also stated that the right secured by the second Amendment is not unlimited and that nothing in the opinion should be read to cast doubt on longstanding prohibitions on the possession of firearms by felons and the mentally ill, or laws forbidding the carrying of firearms in sensitive places such as schools and government buildings, or laws imposing conditions and qualifications on the commercial sale of arms;

WHEREAS, the United States Supreme Court has ruled in McDonald v. City Of Chicago, 561 U.S. 742 (2010) that the due process clause of the Fourteenth Amendment incorporates the Second Amendment right recognized in Heller and, therefore, makes it applicable to the states. In reaching this conclusion, the Court held that the second amendment right is deeply rooted in the nation’s history and traditions and, therefore, is a fundamental right; and
WHEREAS, Anderson County Council desires to express its commitment and support for the rights of its citizens under the Second Amendment of the United States Constitution and Article I, Section 20 of the Constitution of South Carolina to protect the rights of its citizens to keep and bear arms.

NOW, THEREFORE, be it ordained by Anderson County Council in meeting duly assembled that:

1. The Code of Ordinances, Anderson County, South Carolina is hereby amended by adding Article X to Chapter 42, which article reads as follows:

   Article X. Second Amendment Rights (the right to keep and bear arms).

   Sec. 42-401. Purpose and Intent.

   It is the purpose and intent of this article to express the County's strong support for the Second Amendment to the United States Constitution and Article I, Section 20 of the South Carolina Constitution, both of which uphold the right of the people to keep and bear arms.

   Sec. 42-402. Sanctuary County.

   Anderson County is hereby declared to be a Second Amendment Sanctuary County.

   Sec. 42-403. Regulation of the Right to Keep and Bear Arms

   (a) Any regulation of the right to keep and bear firearms, firearm accessories, and ammunition that violate the Second, Fourth, Ninth and Tenth Amendments to the Constitution of South Carolina beyond such current provisions of federal and state law are violative of the concept of a second amendment sanctuary in Anderson County.

   (b) Anderson County government funds and resources shall not be appropriated for the specific purpose of enforcing any law that infringes upon the right to keep and bear firearms, firearms accessories, and ammunition as described in section (a) herein.

   (c) It shall be the duty of the Sheriff of Anderson County to determine whether any federal or state regulation of firearms, firearms accessories, and ammunition violates section (a) herein; provided, however, that nothing contained herein prevents the Anderson County Sheriff from enforcing any federal or state law found to be constitutional by a court of competent jurisdiction.
(d) The prohibitions contained herein do not prevent the assembly of persons for the purpose of training with, practicing with, or being instructed in the use of any lawful firearm; provided, however, that such activities do not violate any zoning or land use regulation.

Sec. 42-404. Enforcement.

(a) Anyone within the jurisdiction of Anderson County found to be in violation of this ordinance is guilty of a misdemeanor and subject to the penalties of section 1-7 of the Anderson County Code.

(b) Enforcement of this ordinance is an alliance with the oath taken by public elected officials to uphold and defend the United States Constitution and the Constitution of South Carolina.

Sec. 42-405 Severability.

The provisions of this ordinance are hereby declared to be severable, and if any provision of this ordinance or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining provisions of this ordinance.

2. The remaining terms and provisions of the Anderson County Code of Ordinances not revised or affected hereby remain in full force and effect.

3. Should any part or provision of this Ordinance be deemed unconstitutional or unenforceable by any court of competent jurisdiction, such determination shall not affect the remainder of this Ordinance, all of which is hereby deemed separable.

4. All Ordinances, Orders, Resolutions, and actions of Anderson County Council inconsistent herewith are, to the extent of such inconsistency only, hereby repealed, revoked, and rescinded.

5. This ordinance shall take effect and be in full force upon the Third Reading and Enactment by Anderson County Council.

Section 6. The County hereby confirms that the five (5) year extension to the initial five (5) year investment period set forth in the 2012 PILOT Agreement is in full force and effect, the Company and Company B having made investments in the original Project, by the end of the Initial Investment Period, equal to at least the statutorily required investment, as set by the Act.

Section 7. The County’s execution of the amendments to the 2012 Fee Agreement(s), amendments to the 2012 Infrastructure Financing Agreement, the Joinder Agreement called for herein, or any other agreements related hereto is conditioned upon the Company’s and Sponsor Affiliates’ meeting the investment and job creation requirements set forth herein and in the Inducement Agreement. County individual(s) executing the same, their execution thereof providing conclusive evidence of their approval of all such changes.

Section 11. The authorization of the execution and delivery of the agreements and the other documents or obligations of the County required by the Inducement Agreement and this Ordinance is subject to the compliance by the County Council with the provisions of the Home Rule Act regarding the procedural requirements for adopting ordinances and resolutions.

UNDEUTAKINGS OF COUNTY

SECTION 3.01. Agreement to Accept FILOT Payments. The County hereby agrees to accept FILOT Payments made by the Company in accordance with Section 5.01 hereof in lieu of ad valorem taxes with respect to the Project until this Agreement expires or is sooner terminated.

SECTION 3.02. No Warranties by County. The Company acknowledges that it has examined the Land and so much of the other property constituting the Project as is in existence on the date of execution and delivery hereof, as well as title thereto, prior to the making of this Agreement, and knows the condition and state thereof as of the day of the execution hereof, and accepts the same in said condition and state; that no warranties or representations as to the condition or state thereof have been made by representatives of the County; and that the Company in entering into this Agreement is relying solely upon its own examination thereof and of any portion of the Project acquired subsequent to the date hereof. The County makes no warranty, either express or implied, as to title to any part of the Project or the design, capabilities, or condition of the Project or that it will be suitable for the Company’s purposes or needs.

SECTION 3.03. Execution of Lease. The parties acknowledge that the intent of this Agreement is to afford the Company the benefits of the Negotiated FILOT Payments in consideration of the Company’s decision to locate the Project within the County and that this Agreement has been entered into in reliance upon the FILOT Simplification Act. Notwithstanding any other provision of this Agreement, in the event that a court of competent jurisdiction holds that the FILOT Simplification Act is unconstitutional or that this Agreement or agreements similar in nature to this Agreement are invalid or unenforceable in any material respect or should the parties determine that there is a reasonable doubt as to the validity or enforceability of this Agreement in any material respect, then the County, in accordance with Section 12-44-160 of the Act, upon the conveyance of title to the Project to the County at the expense of the Company, and to the extent permitted by law, agrees to lease, at the expense of the Company, the Project to the Company pursuant to the Streamlined FILOT Act; provided, that any such conveyance and lease shall be subject to receipt by the County of evidence reasonably satisfactory to the County that no environmental contamination exists with respect to the property being conveyed and leased. The Company acknowledges that any such sale/leaseback arrangement may not preserve the benefits of the Streamlined FILOT Act with
respect to any portion of the Project placed in service prior to the effective date of any such sale/leaseback arrangement with the County, to the extent that the effective date of such sale/leaseback arrangement is later than February 28 of the Company's tax year in which such portion of the Project is placed in service. However, the County agrees that it will, at the expense of the Company, and to the extent permitted by the Act, assist in efforts by the Company to have any such Economic Development Property included within the sale/leaseback arrangement under the Streamlined FILOT Act due to the fact that such Economic Development Property will never have been subject to normal ad valorem taxation, but instead, will always have been subject to a fee-in-lieu of tax pursuant to an Agreement for Development for Joint County Industrial Park between the County and Clarendon County, which was created pursuant to Section 4-1-170 of the Code, initially, and then, pursuant to the Inducement Agreement, to such an agreement with an adjacent county.

ARTICLE IV

Company will promptly make, or cause to be made, all repairs, interior and exterior, structural and nonstructural, ordinary and extraordinary, foreseen and unforeseen, that are necessary to keep the Project in good and lawful order and in good operating condition (wear and tear from reasonable use excepted) whether or not such repairs are due to any laws, rules, regulations, or ordinances hereafter enacted which involve a change of policy on the part of the government body enacting the same.

(b) No release of Project property effected under the provisions of Section 7.01 or 7.02 hereof or of this Section 4.03 shall entitle the Company to any abatement or diminution of the amounts payable by the Company hereunder except the FILOT payments as specified in Section 5.01(d) hereof.

**SECTION 4.04. Records and Reports.**

(a) The Company agrees to maintain such books and records with respect to the Project as will permit the identification of those portions of the Project placed in service in each property tax year during the Investment Period, the amount of investment with respect thereto and its computations of all FILOT Payments made hereunder and as will comply with all reporting requirements of the State and the County applicable to property subject to FILOT Payments under the Act, including without limitation the reports required by Section 12-44-90 of the Code (collectively, “Filings”).

Upon direction of the governing body of the County, a County Official may request and obtain such financial books and records from the Company that support the FILOT returns of the Company as may be reasonably necessary to verify the calculations of the FILOT Payments by the Company. For purposes of this Agreement, the term “County Official” shall include the Administrator, Auditor, Assessor or Treasurer of the County.

(b) Notwithstanding any other provision of this Section 4.04, the Company may designate with respect to any Filings delivered to the County segments thereof that the Company believes

(c) Whenever the County shall be required by any governmental or financial entity to file or produce any reports, notices, returns or other documents with regard to the Project, while this Agreement is in effect, the Company or owner of the Project at the time shall promptly furnish to the County through the County Attorney the completed form of such required documents together with a certification by the Company or owner that such documents are accurate and not in violation of any provisions of law or of the other documents of this transaction, and that the documents meet the legal requirements of such filing or delivery. In the event of the failure or refusal of the Company or owner to comply with this provision, the Company or owner agrees to pay the statement for attorneys fees and administrative time presented by the County for producing and filing such documents, such statement to be paid within 30 days after presentation by the County, and to promptly pay any fees, penalties, assessments or damages imposed upon the County by reason of its failure to duly file or produce such documents.

For the purposes of clause (ii) above, there shall be excluded any Released Property and any other portion of the Project which ceases to qualify for a FILOT hereunder or under the Act.

*Execution,Page – Company A

Ordinance 2020-009
(c) (i) The Negotiated FILOT Payment with respect to any property tax year shall be calculated in accordance with subparagraph (c)(ii) or (c)(iii) below.

(ii) The Negotiated FILOT Payments shall be calculated with respect to each property tax year based on (1) the fair market value of real property (using the original income tax basis for South Carolina income tax purposes without regard to depreciation) and Equipment included within the Project theretofore placed in service (less, for Equipment, depreciation allowable for property tax purposes), (2) a millage rate, for all taxing entities within whose taxing jurisdiction the Project falls, of the millage rate for the Project site on June 30, 2012, which the Parties hereto believe to be 306.4 mills, and (3) an assessment ratio of 6%. The millage rate and the assessment ratio shall remain fixed for the duration of this Agreement, except as otherwise provided herein. All such calculations shall take into account all deductions for depreciation or diminution in value allowed by the Code or by the tax laws generally, as well as tax exemptions which would have been applicable if such property were subject to ad valorem taxes, except the exemption allowed pursuant to Section 3(g) of Article X of the Constitution of the State of South Carolina and the exemption allowed pursuant to Sections 12-37-220(B)(32) and (34) of the Code.

(e) Upon the Company’s installation of any Replacement Property for any portion of the Project removed under Section 4.03 hereof and sold, scrapped, or disposed of by the Company, such Replacement Property shall become subject to FILOT Payments to the extent permitted by the Act.

(f) Since the Company invested in excess of the statutory minimum investment of $2,500,000, total, in the Project and created not less than twenty (20) net, new, full-time jobs at the Project before the Threshold Date, the Company is not subject to any penalty or “clawback” with regard to the negotiated FILOT; however, the Company is still subject to a potential loss of infrastructure credits under the Infrastructure Financing Agreement (IFA) between the County and the Company of even date(s) with this Agreement, as reflected in such IFA.
(g) Any amounts due to the County under this Section 5.01 by virtue of the retroactive application of Section 5.01(f) hereof shall be paid within 180 days following written notice thereof from the County to the Company.

In the event the Company should fail to make any of the payments required under this Agreement, the item or installment so in default shall continue as an obligation of the Company until the amount in default shall have been fully paid. If any such default relates to its obligations to make FILOT Payments or payments of Administration Expenses hereunder, the Company agrees to pay the same with interest thereon at the rate per annum provided by the Code for late payment of ad valorem taxes together with any penalties provided by the Code for late payment of ad valorem taxes or for non-payment of FILOT Payments.

The Company shall not by reason of any such damages or destruction or the payment of any costs be entitled to any reimbursement from the County or any abatement or diminution of the amounts payable hereunder.

SECTION 2.04 Covenants of the Company.

(a) Pursuant to the Inducement Agreement, the Company shall invest approximately Eight Hundred Thousand Dollars ($800,000) in the Project, in addition to investing some $2.5 Million in new investment under a new, negotiated fee-in-lieu of tax arrangement with the County at the Project Site, and shall create not less than twenty (20) new Full-Time Jobs, all within five (5) years of the end of the tax year in which this Agreement was executed (i.e., by February 28, 2018). The Company shall further indemnify, defend and save the Indemnified Parties harmless against and from all claims arising during the term of the Agreement directly from (i) any condition of the Project, (ii) any breach or default on the part of the Company in the performance of any of its obligations under the Agreement, (iii) any act of the Company or any of its agents, contractors, servants, employees or licensees, involving the Project, (iv) any act of any assignee or sublessee of the Company or of any agents, contractors, servants, employees or licensees of any assignee or sublessee of the Company involving the Project, or (v) any environmental violation, condition, or effect on, upon or caused by the Project except for those proximately caused by the gross negligence or willful misconduct of such Indemnified Parties. The Company, as to the Project, shall indemnify and save the Indemnified Parties harmless from and against all costs and expenses incurred in or in connection with any such claim arising as aforesaid or in connection with any action or proceeding brought thereon, except for those proximately caused by the gross negligence or willful misconduct of such Indemnified Parties and upon notice from an Indemnified Party, the Company, respectively, shall
defend it in any such action, prosecution or proceeding with legal counsel reasonably acceptable to the County.

Notwithstanding the fact that it is the intention of the parties that the Indemnified Parties not incur pecuniary liability by reason of the terms of this Agreement, or the undertakings required of the County hereunder, by reason of the execution of this Agreement, by reason of the performance of any act requested of it by the Company, or by reason of the operation of the Project by the Company, including all claims, liabilities or losses arising in connection with the violation of any statutes or regulations pertaining to the foregoing, nevertheless, if the Indemnified Parties should incur any such pecuniary liability, then in such event the Company, as to the Project, shall indemnify and hold them harmless against all claims by or on behalf of any person, firm or company, arising out of the same, and all costs and expenses incurred in connection with any such claim or in connection with any action or proceeding brought thereon, and upon notice, the Company, as to the Project, shall defend them in any such action or proceeding with legal counsel reasonably acceptable to the County.

These indemnification covenants shall be considered included in and incorporated by reference in subsequent documents after closing which the County and Company are requested to sign, and any other indemnification covenants in any subsequent documents shall not be construed to reduce or limit the above indemnification covenants.

(c) The Company shall pay the reasonable and necessary expenses, including the ordinary and reasonable attorney’s fees, incurred by the County with respect to the Project and this Agreement; provided, however, that no such expense shall be considered owed by the Company unless and until the County furnishes to the Company a statement or invoice in writing indicating the reason such expense has been or will be incurred and either estimating the amount of such expenses or stating the basis on which the expense has been or will be computed.

(d) The Company will provide sufficient information to the County legal and economic development staff, including, without limitation, copies of property tax filings made by the Company to the S.C. Department of Revenue with regard to the Project and the Company’s other property in the Park, to allow County staff to verify the company’s investment, jobs creation, and credits received hereunder, annually. Further, the Company will reasonably cooperate with County in performing such verification. In return, whenever such filings or cooperation involve the use of confidential, proprietary, or business secret information which can be lawfully exempted from public disclosure, and the Company identifies such information to the County, the County will reasonably cooperate with the Company to restrict disclosure of such filings or information to just that which is legally required to be disclosed.

ARTICLE III

INFRASTRUCTURE CREDIT

SECTION 3.01. Payment of Cost of Infrastructure. The Company agrees to pay, or cause to be paid, the Costs of the Infrastructure as and when due. The Company agrees that,
as of any date during the term of this Agreement, the cumulative dollar amount expended by the Company on Costs of Infrastructure shall equal or exceed the cumulative dollar amount of the Infrastructure Credit received by the Company. The Company agrees to complete the acquisition and construction of the Infrastructure (other than that being constructed or paid for by the County) pursuant to the plans and specifications approved by the Company. The plans and specifications for the Infrastructure may be modified from time to time as deemed necessary by the Company.

SECTION 3.02. Special Source Revenue Credits.

(a) As reimbursement for the Company's investment in the Infrastructure, commencing with the first Fee Payment by the Company due with respect to the Project in the Clarendon Park or the Park, and continuing for up to nineteen (19) consecutive annual Fee Payments thereafter (for a total of up to twenty (20) annual Fee Payments), the County shall hereby provide an Infrastructure Credit of up to forty percent (40%) of the Net Fee Payments made by the Company with respect to that portion of the Project, which is subject to a 10.5% assessment ratio and is not already receiving either the manufacturing abatement under Section 12-37-220 of the Code, an existing infrastructure credit, or a negotiated FILOT arrangement under Section 4-29-67, Section 4-12-10, et. seq. or Section 12-44-10 et. seq., South Carolina Code, 1976, as amended.

(b) The foregoing notwithstanding, the 2012 Infrastructure Credits provided for under this Agreement shall be subject to the following limitations and requirements: (1) If the Company fails to create at least twenty (20) new Full Time jobs (over the number of Baseline Jobs) by the end of the Initial Investment Period, the Infrastructure Credit provided to the Company shall change to twenty percent (20%) for the remainder of the twenty (20) year period during which the Infrastructure Credit is due, (2) as of any date during the term of this Agreement, the cumulative dollar amount expended by the Company on Costs of Infrastructure shall equal or exceed the cumulative dollar amount of the Infrastructure Credit received by the Company, (3) the Company shall not claim total or partial abatement of ad valorem property taxes as to any property for which an Infrastructure Credit is given, and (4) once the Company has realized and received the Infrastructure Credit for a total of twenty (20) consecutive annual fee payments, the Infrastructure Credit provided hereunder shall end.

(c) In addition to the original infrastructure credit described in Section (a) above, the Company can also qualify for an infrastructure credit for the 2020 Project, granting the Companies a forty percent (40%) credit against FILOT payments for the 2020 Project property in the Park (all as defined herein), for the first five (5) years that such payments are made, and a twenty five percent (25%) credit for the next five years (years 6 through 10) of such FILOT payments if the Companies create an anticipated fifty (50), but not less than forty (40), new full-time jobs and invest an expected Nine Million Five Hundred Thousand Dollars ($9,500,000), but not less than Seven Million Five Hundred Thousand Dollars ($7,500,000), in the 2020 Project in the Park by the end of 2024 (Note: The end of the qualifying period for these credits (the end of 2024) intentionally is not the same as the end of the 2020 Project Investment Period (which is December 31, 2023). Should the Companies not create at least forty (40) new full-time jobs and invest at least $7.5 Million in the 2020 Project by the end of 2024, then the credit provided
herein for the second 5 years of such payments (years 6 through 10) of the 2020 Project will change from twenty five percent (25%) to ten percent (10%) for the remainder of the ten year period during which credits are due. If the Companies subsequently meet both the investment and jobs creation requirements stated in this section by the end of 2025, the credits authorized herein shall return to twenty five percent (25%) for the remainder of the ten year period during which credits are due, but credits already reduced will not be made up. The Companies agree, among other things, not to claim total or partial abatement of ad valorem property taxes as to any property for which an Infrastructure Credit for the 2020 Project is given.

(c) No breach by the County of this Agreement shall result in the imposition of any pecuniary liability upon the County or any charge upon its general credit or against its taxing power. The liability of the County under this Agreement or of any warranty herein included or for any breach or default by the County of any of the foregoing shall be limited solely and exclusively to the Net Fee Payments. (d) As set forth in Section 4-29-68(A)(2)(ii) of the Code, to the extent that the Infrastructure Credit is used as payment for Infrastructure personal property, including machinery and equipment, and the personal property is removed from the Project at any time during the twenty (20) year term of the original 2012 Infrastructure Credit or the ten (10) year term of the Infrastructure Credit for the 2020 Project, the amount of the fee in lieu of taxes due on such personal property for the year in which the personal property was removed from the Project also shall be due for two years immediately following the removal. If Infrastructure personal property is removed from the Project but is replaced with qualifying replacement property, then the Infrastructure personal property will not be considered to have been removed from the property.

NOW, THEREFORE, BE IT RESOLVED, by the County Council as follows:

Section 1. Pursuant to the authority given to County Council by the South Carolina Constitution, the Code, the FILOT Act and the Multi-County Park Act, and subject to the enactment of required legislative authorizations by the County Council (and the partner county in connection with the Park Agreement), and for the purpose of providing development incentives for the Project through the payment by the Company of fees in lieu of taxes with respect to the Project pursuant to Section 12-44-40 of the FILOT Act, there is hereby authorized to be executed a fee in lieu of tax agreement (the "FILOT Agreement") between the Company and the County. The FILOT Agreement shall provide during its term a fixed assessment ratio of 6% for Project property and a fixed millage rate for Project property for FILOT purposes at the cumulative property tax millage rate levied on behalf of all taxing entities within which the Project is located as of June 30, 2020. Payments in lieu of taxes made pursuant to the FILOT Agreement shall continue for thirty (30) years from the date the Project property is placed in service pursuant to the FILOT Act.

Section 2. Pursuant to the Multi-County Park Act, the County Council will use its best efforts to cause or continue to cause the site of the Project to be located in a Park. Pursuant to
Section 4-1-175 of the Multi-County Park Act, and for the purpose of providing reimbursement to the Company for certain qualified Infrastructure within the meaning and purposes of Section 4-29-68 of the Code, the FILOT Agreement shall provide for a special source tax credit ("Special Source Revenue Credits") against payments in lieu of taxes in the follow amounts: (i) a ninety percent (90%) Special Source Revenue Credit against the payments in lieu of taxes for the first five (5) years that such payments in lieu of taxes are made by the Company, (ii) a sixty percent (60%) Special Source Revenue Credit against the payments in lieu of taxes for the next succeeding five (5) years that such payments in lieu of taxes are made by the Company, and (iii) a fifty percent (50%) Special Source Revenue Credit against the payments in lieu of taxes for the remaining ten (10) years that such payments in lieu of taxes are made by the Company.

Section 3. The County hereby agrees to pre-approve, approve and consent to a five (5) year extension to the initial five (5) year investment period set forth in the FILOT Act (the "Extended Investment Period"), provided the Company’s total new investment in the Project at the end of the Initial Investment Period is in excess of $2,800,000. Accordingly, to the extent the Company makes new investment in excess of $2,800,000 in the Project during the Initial Investment Period, the Company shall be entitled to make FILOT payments in the manner described above for those phases of the Project placed in service during the Initial Investment Period and the Extended Investment Period.

Section 4. The provisions, terms and conditions of the FILOT Agreement shall be prescribed and authorized by subsequent ordinance(s) of the County Council, which, to the extent not prohibited by law, shall be consistent with the terms of this resolution.

Section 5. All orders, resolutions and parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed. This resolution shall take effect and be in full force from and after its passage by the County Council.

Section 6. The authorization of the execution and delivery of the documents related to the FILOT Agreement and all other related documents or obligations of the County is subject to the compliance by the County Council with the provisions of the Home Rule Act regarding the procedural requirements for adopting ordinances and resolutions.

Section 7. It is the intention of the County Council that this resolution shall constitute an inducement resolution with respect to the Project, within the meaning of the FILOT Act, and the County Council identifies and reflects the Project by this inducement resolution, therefore permitting expenditures made in connection with the Project to qualify as economic development property, subject to the terms and conditions of the FILOT Agreement and the FILOT Act.

Lacey,

Attached please find an approval letter and project scope/budget for an Undiscovered SC grant award at Green Pond Landing. SCPRT is offering us $103,000 to go towards several bid alternates that were part of the bid for the current work at GPL but were not awarded due to lack of available funds.

The $103,000 grant will be matched by $108,458.10 in county funding and will let us award these bid alternates to the contractor.

Time is of the essence here—the clock is ticking on how much longer the contractor will hold his original bid prices.

Lacey,

Staff asks Council for permission to provide a letter of support (draft attached) to Upstate Forever for their watershed improvement grant application. We have worked with them many times in the past on related projects. Our commitment will be in-kind support in the form of some staff time and mileage.

Subject: Partner in 319 Grant

Steve,

We’ve been asked to be a partner with Upstate Forever on a DHEC watershed improvement grant they’re seeking in the Three & Twenty watershed. We’ve done this several times in other parts of the county. It consists of some staff time and/or mileage being used as in-kind resources for the grant. Also, this grant may have the potential to help us with some improvements to the creek on the Civic Center property. That has been an eye sore and this could result in its beautification while achieving some water quality improvements. Let me know if you have any questions or concerns.

Thanks
Jon

Dear Erika:

As you know, Anderson County Stormwater Management is extremely interested in reducing nonpoint source pollutant loadings to waterways within our County. We, therefore, are pleased to support your SC Department of Environmental Control 319(h) grant application for work in the Three and Twenty Creek, in the Savannah Basin.

Our Stormwater Management Department works to reduce the impact of runoff on our County’s water quality, improving the quality of life for all of our citizens. By supporting your project, we will enhance our ongoing efforts to reduce bacterial, nutrient, and sediment loadings of our waterways and provide benefits to a wide range of citizens.

As we have discussed, Anderson County is prepared to serve on any committees that you form as a part of this project. There may also be an opportunity to include publicity about your projects in any correspondence that our Department sends to homeowners in the area to advertise these cost-share opportunities. Although your project cannot directly support any of our ongoing MS4 requirements, we believe that each of our efforts will enhance the others’ activities. We have participated in both the development and implementation of other watershed-based plans in the region and look forward to contributing to this worthwhile process.

We have been fortunate to enjoy a mutually beneficial partnership with Upstate Forever on a number of previous initiatives. We look forward to continuing this relationship through this project and significantly improving water quality in the Three and Twenty Creek Watershed.

Sincerely,

The Planning and Public Works Committee Meeting of Wednesday, February 19, 2020 was called to order at 1:30 pm by Chair Ms. M. Cindy Wilson. Mr. Brett Sanders and Mr. Jimmy Davis were in attendance for the Planning and Public Works Committee meeting. The Invocation and Pledge of Allegiance was provided by Mr. Jimmy Davis.

The following items were discussed by the committee:

3. Update on Recycling and Recyclables, Mr. Greg Smith

The recycling markets have dropped compared to last year due to issues with China. There is a possibility of more paper mills opening soon in United States. The current recycling revenue prices are $0.40 per pound for Aluminum, $35 per ton for cardboard, $21.75 per ton for clear glass, $14.75 per ton for brown glass, $1.75 per ton for green glass and, Metal prices are $110 per ton. The paper prices have dropped due to less paper being used, resulting in a lower tonnage. A shipment of plastic will be sent out soon with a revenue amount of $200 per ton.

Anderson County residents are actively participating in recycling. The ambassadors and attendants at the sites are working to re-educate the public on what plastics are being accepted. Currently only plastic jugs and bottles can be accepted. Plastic cups, plastic plates and other items are no longer accepted. Companies will not accept any items that are labeled 3-9 so these items go directly into the landfill. All recycling received is sorted to a clean product to avoid co-mingle. Co-mingle is currently accepted for free but an anticipated fee of $45-65 per ton will start being charged in July.

Every ton that can be recycled and doesn’t go into the landfill is a $23.90 savings. If the County continues this process there is a possible savings of $190,000-200,000 on disposable fees. The recycling income is lower at this time and the host fee that is received from landfill helps provide some balance. Recycling saves space in the landfill and allows us to continue to take care of the environment.

Any glass that is received for recycling is sorted at the sites and then hauled out to Strategic Materials who purchases the glass. The Greenville, Spartanburg and, Upper State areas no longer recycle glass. The sorting process is currently completed by inmates, County Staff and individuals from the Disabilities and Special Needs program.

This item is for information only. No decisions or votes were taken for this item.

4. Landfill requests to increase capacity by 150,000 tons, Mr. Greg Smith

An advisory meeting was held for a discussion on the landfill, how it will suit everyone’s needs, and to address any complaints. Waste Connections, Ms. Morgan, Ms. M. Cindy Wilson, County Council District 7, Mr. Greg Smith, Solid Waste Director, Mr. Alan Sims, City of Belton and the mayor were in attendance.

The Anderson County Council has already approved an increase of 50,000 ton due to growth. DHEC has requested to hold one public hearing meeting to address the total requested increase capacity of 150,000 ton, including the 50,000 ton which has already been approved by Council. If DHEC approves an increase of capacity for Waste Connections the approval of the Anderson County Council will still be needed. According to contract Waste Connections can take out of county but not out of State.

The landfill has been working to address issues with odors, buzzards, and litter on roadways. This item is for information only. No decisions or votes were taken for this item.
5. Discussion on Moratorium and Review of Infrastructure:

Due to rapid growth and development, Infrastructures are unable to keep up with growth. An impact fee could not be implemented and used due to the time constraint placed by the State to spend the money. Previous moratoriums have been done before in Anderson County but were in conjunction with zoning referendums. A moratorium would have to be tied to the County’s powers to regulate under the General Health, safety, and Welfare guidelines provided by state law.

Dr. Robby Binnicker and Mr. Mike Wilson, Representatives from School District 1, attended the meeting to discuss the growth within schools. Growth is important for schools to be able to receive funding, but unmanaged growth can become a problem. The average school growth rate is 1-3% and if growth continues at the current rate, the school system will be able to maintain for 8-10 years. On average, there is typically one student per new home. High Density Housing is hard for a school to manage.

More research and data will need to be collected for this item.

This item is for information only. No decisions or votes were taken for this item.

6. Capital Improvements of 2020:

The Committee discussed the 2020 Capital improvements and Capital Maintenance plans to determine the future needs in the County for next 5 years. On December 10, 2019, the Planning Commission held a public hearing to review and discuss this list. The Planning Department then reviewed the list and scored each item according to importance.

The Airport requests include the ARFF Fire Truck Garage for $50,000, a maintenance shed for $40,000 and Airport Master Plan for $300,000. The development of the Airport Master Plan is a yearlong process. Each item is an estimate and would be put through the bidding process. The County Facilities request is for a Townsend Building Generator in the amount of $200,000.

The Fleet Services Department requests include a Fleet Services Facility in the amount of $7.5 Million. A bond has been issued for this request and the contract has been signed. The second request is a new fuel Island that is needed in the Powdersville area for $95,000. A third request for the Fleet Services Department is a technician work truck that will be equipped with a crane and toolboxes to be used to answer service calls.

The Paw Animal Shelter has requested a Medical Grade Refrigerator for $40,000. The shelter can possibly use funding for this item but they will still need council approval to purchase. The Roads and Bridges Department requests are for a mini excavator and Trench box.

The Solid Waste Department requests include the King David Convenience Center for $105,000, and the Parkier Bowie Convenience Center that will need to be redone. The Starr Landfill has received permitting and an engineer is working on the design. A pre-bid was sent out for this project with 10 contractors showing up.
Minutes
Planning and Public Works Committee Meeting
Wednesday, February 19, 2020

The Storm Management Department submitted a request for a Civic Center Restoration project for repair of spots along the creek that are eroding. The first year of this project will cost $88,000 to complete the engineering process.

The Technical Services Department is requesting a County Network Failover for back-up in case of an emergency and, the second request is for the Public Safety Radio System Improvement for $2,917,040. This item is needed due to the radio system beginning to age out and fail.

The Wastewater Department requests include the 5-Mile Phase III & IV project which is half complete for $500,000, the 6 & 20 wastewater plant will need upgraded or taken offline, and the Exit 14 project would include looking into the Clemson Sewer Plant. The requests also include a Hurricane Creek Pump Station Upgrade for $800,000 and the Crestview and Highway 81 N. project request for $800,000 that would complete a gap in the existing sewer.

This item is for information only. No decisions or votes were taken for this item.

There being no further business, the Planning and Public Works Committee meeting was adjourned at 3:15pm.

MEMORANDUM
Planning & Community Development

DATE: January 6, 2020
TO: County Council
CC: Mr. Burns, County Administrator
FROM: Jeff Parkey, Planning Director
SUBJECT: Capital Improvements and Capital Maintenance Planning

Dear Chairman Dunn and Councilmembers:

The Capital Improvement Planning (CIP) process is a strategic, long-range planning and financial tool. Each year, the Planning Department requests all County departments to identify capital improvements projects of $10,000 or more. The Planning Department compiles this information and forwards it to the Planning Commission, County Council, the Administrator, and Finance.

The CIP process is beneficial to County departments in several ways. It helps departments foresee large expenditures, allowing time for appropriate planning prior to the need. It also allows departments to better manage their workloads by having a timetable for large projects. Finally, the CIP can enable coordination of projects among departments, so as to avoid piecemeal improvements or duplication of expenses. Overall, the CIP process can help County departments maintain their continuity of service, to the greater benefit of our citizens into the future.

Also included here as a part of the overall CIP is the Capital Maintenance Plan (CMP). The CMP focuses on the maintenance and replacement of current assets so these needs can be addressed in a timely and coordinated manner.

As these CIP and CMP projections are formulated by each department, the individual department heads are prepared to discuss these requests, as needed.

From the perspective of the Planning Department, capital projections not only make us aware of upcoming budget requests and projects, but also help us see the big picture in terms of the future needs of the County. The CIP can help prioritize these needs, in terms of potential revenue sources, and also Council’s goals and objectives. Finally, capital improvements planning helps to maintain steady capital funding and reduce fluctuations in funding sources, in general. Staff is happy to assist the Council in using the CIP/CMP as needed.

Respectfully,
Jeff Parkey, PhD, AICP

The Honorable Anderson County Council

Chairman Dunn and Members of Council:

On December 10, 2019, the Anderson County Planning Commission held a public hearing on the proposed Anderson County Capital Improvement Plan, as per SC 6-29-340(2)(e). The Planning Commission has established that this duty has been completed by Planning staff and recommends that it be forwarded to the Anderson County Council, and appropriate subcommittee for review.

Thank you for your deliberation of this important matter. We deeply appreciate the support and assistance you have provided us.

Sincerely,

Minutes  
Planning and Public Works Committee Meeting  
Monday, March 9, 2020

The Planning and Public Works Committee Meeting of Wednesday, February 19, 2020 was called to order at 1:31 pm by Chairman Ms. M. Cindy Wilson. Mr. Brett Sanders and Mr. Jimmy Davis were in attendance for the Planning and Public Works Committee meeting. The Invocation and Pledge of Allegiance was provided by Mr. Jimmy Davis.

The following items were discussed by the committee:

3. Approval of minutes for February 19, 2020:

The requested corrections for the minutes of February include page 1 item number #4 insert the date to read On February 10, 2020 an advisory meeting was held and, remove Ms. Morgan and the Mayor of Belton because they were not in attendance at the solid waste meeting. On page 2, first paragraph Health insert Comma Safety and welfare. On page 2 item number #6 should read The Paws Animal Shelter instead of the paw animal shelter and, also insert use the funding they have on hand for this item. On page 2 item #6 correct the spelling of Parker Bowie to Parker Bowie.

Mr. Brett Sanders made the motion to accept minutes as corrected and a second from Mr. Jimmy Davis, the committee voted to unanimously to recommend to Full Council.

4. Presentation on Sewer Projects, updates and current conditions, Derrick Singleton:

Anderson County has had many problems due to all the rain. The creek banks have been washing out. A project was just finished at Glen Raven and other areas to add more rock and re-establish the creek banks. At 6&20 there are issues with sludge handling due to all the rain. There are drying beds which have had issues drying out. We may have look at other options to deal with the sludge because the current process involves dumping on top of beds. A secondary option would be to have a company come, pump it out and carry to another treatment plant for processing. Most wastewater plants have sludge handling with belt presses or are rated to land apply.

The Hurricane Creek Pump Station Upgrade Phase I will involve putting in a new wet well. The original wet well was too small and under designed. The new wet well will be 10ft in diameter and 16 ft. deep. This will help with extra holding time, add more volume, the pumps will not come on as much and, there will be a longer run time. This is one of the highest flowing pump station. In addition, a line feed system will be added to help to mask odors and reduce H2S. There is a problem with H2S downstream from the pump station eating up the pipes and manholes. The characteristics of the wastewater are acidic, raising the PH will help so it’s not as corrosive on the infrastructure. The company Tugaloo from Westminster is performing the work for this project.

The Hurricane Creek Pump Station Upgrade Phase II project will include adding new pumps, controls and a new force main. The current force main is too small and is causing restrictions to the pumps. The most expensive portion of this project is still in design and will include where it leaves the pump station and crosses Lake Hartwell. If SCDOT will not let the County add another pipe to the bridge on Highway 76 we will have bore under the lake. If we can eliminate replacing this portion it will be a huge savings. The diameter of the current pipe is 12 in. and an upgrade will be 16in. or 18 in diameter. The current line will have to stay in place until the whole project is complete. Anderson Regional also has a water line on this bridge that is the main feed that goes to the Clemson, Pendleton and Central areas. This project has an estimated cost of $4 - $5 million dollars for new pumps, a new force main, controls and possibly a new generator.
The Stone Haven Subdivision project is off of Dixon Road. The original infrastructure was put in, in the early 1970's and Anderson County took it over in 1978-79. When there is an inch of rain or more it requires pumping with additional trucks that are trying to isolate and hit the worst areas first to start the elimination so the pumps can keep up with what comes down the pipe. An estimated cost for this project will be between $1.2-$1.5 million dollars. All the current piping in place is clay and will require lining each section and rehabbing the manholes.

The Welpine Sewer Project was sent out for bid, receiving responses from 20 contractors, and a bid of $1.7 million. The project can be started after a right of way issue can be resolved. An update should be given soon.

The Exit 14 project’s design work is complete and staff are currently working on right of way issues and negotiations. This project may possibly be able to go out for bid in the summer.

The next item of discussion was The Pendleton Clemson Wastewater Treatment Plant project. On February 21, 2020, members of council and staff attended a presentation meeting from the Oconee Sewer Authority. If the County implements a policy similar to the Oconee Sewer Authority the authority would own all of the capacity. Aiken County does have a similar sewer authority. Nick Nicholson an attorney from Haynsworth Sinkler Boyd Law Firm in Greenville would draft the documents if a new authority was formed. The first upgrade will consist of adding 1.5 Million gallons. The three entities associated with this project have given a baseline request of what capacities they will need for the projected future build out for the next ten years which includes Anderson County 600,000 capacity, Clemson 500,000 capacity and, Pendleton 400,000 capacity. The cost for the upgrade for Phase I of this project will be $19 million. There is a Phase II plan that could be implemented as needed to add an additional 1.5 gallons at today’s cost of $16 million.

The department is working with all the local water districts to begin the process of reading, billing, and collecting. Sandy Springs is the only water district not participating at this time.

This item is for information only. No decisions or votes were taken for this item.

5. Capital Improvements of 2020:

The Capital Improvement Plan is a planning tool that is State mandated and is part of budget process to anticipate capital project needs and put things into a maintenance program.

The Airport requests include a firetruck garage and a maintenance shed. The requests are listed in alphabetic order by department. The Airport Master Plan is for $300,000 and should be completed before building anything else. The Airport department requests will be set aside and addressed after a new airport manager is hired.

The County Facilities Department request is for a generator for the Townsend Building. This item is a request in the upcoming budget year. The generator will be used to hold bond court.

The Fleet Services Department requests include the Fleet Services building that has been planned, bid out and, the builder has been selected. The County is waiting on the final cost estimate for this project. The next request is for a new Fuel Island in Powdersville. The location for this item has changed. There is a possibility it may be placed in the Dolly Cooper Park which would help prevent future crime issues. Anderson County already owns the property and there is already power. This will also allow the deputies to be on beat longer. The Fleet Services department is also requesting a technician work truck that will
Minutes
Planning and Public Works Committee Meeting
Monday, March 9, 2020

be an addition to the fleet. A department will only place new equipment on this plan not a replacement of any old equipment.

The Library requests on the plan are for 2023. The library has a different budget, a discreet account that is state mandated with a separate levee.

The Paws Animal shelter request is for a medical grade refrigerator in the amount of $2500-$4000. The shelter may possibly be able to use funds they have on hand for this purchase. The donations received for the shelter cannot be spent without council approval.

The Roads and Bridges Department request is for a mini excavator and trench box. The Solid Waste Department requests are for the King David Convenience Center, the Parker Bowie Convenience Center, and the Starr Landfill. These projects are all still needed.

The committee is looking at the long range plan to provide the approval or any requested amendments. The first year items in the plan will be in the operating budget voted on this year. During the review of this plan if there are any items coming up for the next 2-3 years council may schedule a meeting with the department heads to find out more details.

The next Planning and Public Works meeting will be held on Friday, March 20, 2020 at 10:00am.

No decisions or votes were taken for this item.

There being no further business, the Planning and Public Works Committee meeting was adjourned at 2:31pm.

POWDERSVILLE LEAGUE OF ATHLETIC YOUTH, a nonprofit corporation duly organized under the laws of the State of South Carolina on February 19th, 2015, and having a perpetual duration unless otherwise indicated below, has as of the date hereof filed a Declaration and Petition for Incorporation of a nonprofit corporation for Religious, Educational, Social, Fraternal, Charitable, or other eleemosynary purpose.

Now, therefore, I Mark Hammond, Secretary of State, by virtue of the authority in me vested by Chapter 31, Title 33, Code of 1976 and Acts amendatory thereto, do hereby declare the organization to be a body politic and corporate, with all the rights, powers, privileges and immunities, and subject to all the limitations and liabilities, conferred by Chapter 31, Title 33, Code of 1976 and Acts amendatory thereto.

Given under my Hand and the Great Seal of the State of South Carolina this 20th day of February, 2015
RECREATION FUND APPROPRIATIONS
APPLICATION FORM

WHAT DISTRICT(S) ARE YOU REQUESTING FUNDING FROM:
DISTRICT: 1, 2, 3, 4, 5, 6, and 7

Mail/Email/Fax to:
Anderson County Council Clerk
P. O. Box 8002
Anderson, SC 29622
lacroegaert@andersoncountysc.org
Fax: 864-260-4356

1. Name of entity requesting recreation fund appropriation: Safe Harbor, Inc.

2. Amount of request (If requesting funds from more than one district, annotate amount from each district): $500 from each district

The purpose for which the funds are being requested: Safe Harbor serves the Anderson community through emergency shelter, counseling, and other resources for victims of domestic violence and their children. Our prevention program, the Relationship Education Project, reaches teenagers in Anderson middle and high schools teaching healthy relationship skills. Our state consistently ranks in the top 5 for the number of women killed by men, and children are present in the majority of reported incidents of domestic violence - support for these services is crucial.

This year is a critical year for us as we have recently lost our biggest source of funding in Anderson: support for our Anderson shelter was cut from the United Way of Anderson County budget. Safe Harbor’s Diva Regatta and Island Party is being held on May 2nd in Anderson at the Western Carolina Sailing Club to raise funds in support of our services, so that we can continue to offer lifesaving refuge for victims of domestic violence and their children in Anderson County.

We would be honored to have the support of County Council behind us as we work to raise funds and increase awareness of Safe Harbor and the issue of domestic violence in our community.

3. Is the entity a non-profit corporation in good standing with the South Carolina Secretary of State? Yes

**REASON:**
In the remaining 2019-2020 budget year there are 6 major tournaments at GPL (2 of which are week-long).  
There is also the 11th Annual Saluda River Rally, Spring Market, and Farmers Market.

Explain, in COMPLETE DETAIL, the reason for the transfer.

REASON:

1) Additional funds were requested to cover the anticipated expense of the new additional vehicle in July 2019 however was not funded. The request would have covered the total cost. Total Req $7,050.00 Actual $5,000

2) A significant power requirement was a contract obligation in order to host the Bassmaster Bass Nation Championship. It was an anticipated phased-improvement at GPL which did not take place, requiring the power supply rental from Sunbelt in the approximate amount of $5,300.00. Tournaments throughout the Spring and Fall season require additional lighting. There are 6 major tournaments remaining this fy which require Tower Light rentals. Capital Requests for light tower purchases have been denied for 4 years to-date. Additionally, due to a prolonged County-Fleet equipment breakdown, Parks had to rent a Bobcat and Forestry Deck to complete a job (Approx $1,500)

3) The extreme inclement/wet weather during this fy required rain gear replacement for tournaments and events. Uniform clothing was also purchased for limited County staff whom regularly work tournament events as well as GPL facility partners
